9. English (G12-14)

English 793. Teaching College Writing.
3 hr.; 3 cr. Prereq.: Permission of the director of graduate studies and the director of first year composition.
A study of composition theories, writing pedagogy, and literacy studies in the context of the college writing classroom. Required for all graduate students teaching in the English department at Queens College.

**Rationale:**

The course will be a preparatory course for all Queens College graduate instructors (MFA and MA) who are teaching in our department. Other CUNY campuses offer a similar course to their graduate instructors. The class will also be cross-listed (under English 795 at the Graduate Center) to Graduate Center PhD students who are first-time instructors at Queens College.

Students in our graduate program apply for the opportunity to teach undergraduate classes. Particularly for MFA students who will look for teaching positions after they graduate, the opportunities to teach their own classes and take a pedagogy class are important parts of the curriculum. The course is designed to introduce new instructors to various writing pedagogies as well as specific classroom techniques.

**Projected Enrollment:** 7-10
**Projected Frequency:** every fall

Graduate courses for 3 credits typically meet 3 hours per week, the “2 hour plus conference” being an exception. If the proposed course is a “2 hour plus conference” course, please give a detailed rationale explaining why this format is appropriate.

This course will meet for 2 hours plus conference. Because the main goal of the class is teaching writing pedagogy to new instructors, some of the instruction will address specific classroom situations. Particularly because students will enroll in the course during their first semester of teaching, individual conferences with the instructor are needed in order to help student-instructors put into practice what they’ve learned in the class.
If this course will require additional costs, such as additional faculty, special facilities (laboratory, computer, library facilities), please attach a description and rationale. This course would be taught by English department faculty and would require no additional costs.

(Resolution now reads as follows)

Whereas, the Policy Board on Administration makes the following recommendations to the Academic Senate;

Whereas, the condition of classrooms is of major importance to both students and faculty alike;
