Seminar (Chem 381/Chem 781), Spring 2016
Dept. of Chemistry and Biochemistry, Queens College, CUNY

Instructor Information
Instructor: Prof. Seogjoo Jang/Harry D. Gafney
Office: Remsen 119 C /206 E
Office hours: Wed: 11 am -1 pm
Tel: (718) 997-4110/4114
Emails: S.Jang@qc.cuny.edu
Harry.Gafney@qc.cuny.edu

Evaluation and Grading
Attendance: 50%
Written report (25%) and Oral Presentation¹ (25%) on a talk of your own choice

Directions for writing/submitting reports
1. Each report should convey the motivation/background of the talk, provide clear and
detailed summary of the major content of the talk, and discussion of the implications of
the talk.

2. Write the report as a single spaced WORD document with minimum 3 page long
except for references (no limit in the length of references) and with maximum fonts size
of 12 pts.

3. Within one week of the seminar date, get an approval for your choice of the seminar
that you want to write a report on by sending an email to both Profs. Jang and Gafney.

4. Submit the report to SafeAssign in the blackboard board before May 13, 2016 and also send
it to both Profs. Jang and Gafney. Write “Seminar date and your name” in the subject
line of the email (There will be 50% reduction in credit for late report.).

5. Each report will be tested against high level software to test plagiarism. So, you
should submit your original writing. If not, no credit.

6. Use American Chemical Society style for references.

¹More detailed instruction will be provided later.
