NYC Louis Stokes Alliance for Minority Participation (LSAMP)

We are recruiting students who are actively engaged in research with faculty members in the STEM disciplines, or, who have a potential research project that will be supervised by a faculty mentor for the cycle that they have applied for.

Eligibility Requirements

- Ethnic group: Black/African-American, Hispanic, American Indian, Alaskan Native or Native Pacific Islander
- Full time student (taking 12 or more credits) at Queens College
- Majoring in STEM related field
- Overall GPA of 3.0
- Be a U.S. citizen or permanent resident

Program Benefits

- Financial support: students can receive $1,500-$5,000 per academic year, $4000 for the summer
- Work with research scientists in laboratories
- Faculty mentoring
- Academic support through tutorials and workshops
- Opportunities for summer research, attendance and presentations at local, regional and national conferences

APPLY TODAY!

Summer Application Deadline : April 28, 2017
