

**School of Earth and Environmental Sciences
Spring 2012 Colloquium**

Date	Speaker	Title	Host/Advisor
Wed 2/8	William Ryan, Columbia University	Year of Turkey: Windows into Turkey Lecture Location: Campbell Dome	McHugh
Wed 2/15	Cecilia McHugh SEES	Year of Turkey: Windows into Turkey Discussion Location: Powdermaker 156	
3/12	Various	NE GSA Meeting Practice Talks	
4/23	Emese Hadnagy	Contaminant Remediation in Urban Environments	McHugh
Thurs 5/3	Juyoung Julie Ha	Solving Environmental Problems using Molecular Approach	McHugh
Fri 5/4 C205	Y. Thomas He	Role of abiotic degradation by reactive minerals in chlorinated solvents remediation	McHugh
5/7	Beizhan Yan	Contamination history and health effects of PAHs in NYC and possible bioremediation approaches	McHugh
Wed 5/9	Frank Nitsche	Improve assessment of contaminant distributions in urban estuaries - a basis for remediation	McHugh
Thurs 5/10	Adam Karl Tressler	Predicting DNAPL Concentration Rebound after <i>In Situ</i> Chemical Oxidation: What Drives It?	McHugh
Thurs 5/17	Bill Blandford	Advanced Environmental Remediation with Cyclodextrin	McHugh

Mondays from 12:15-1:15 pm in SB Room C207 unless otherwise indicated
