As a part of the larger Academic Support Center, the Academic Support Lab (Kiely 131) offers a number of vital services—available free of charge to Queens College students. These include a reading lab; tutors in selected academic subjects; workshops in study skills; and a computer facility where students may write, conduct research, and print out their work. It also provides a tutoring center devoted solely to the sciences.

All students are invited to stop by, explore our services, and pick up a tutoring schedule!

“We serve in order that students may learn”

ESL Reading Lab
The Academic Support Lab offers ESL students several kinds of help in reading and speaking English.

Among these are:
• A self-service ESL reading laboratory
• A library of ESL materials
• Tutors in reading English
• ESL conversation workshops

Students may use the reading laboratory and library at their convenience. However, they must make appointments with us for ESL tutoring and workshops.
