Discimus ut serviamus
“We learn so that we may serve.”

Presented to the Middle States Association's Commission on Higher Education
TABLE OF CONTENTS

TABLE OF CONTENTS .............................................. i

ACKNOWLEDGEMENTS ............................................. xi

MEMBERSHIP OF THE STEERING COMMITTEE AND TASK FORCES .. xiii

CHAPTER ONE: INSTITUTIONAL OVERVIEW ...................... 3

I. The Scope of Queens College .................................. 3
II. Academic Departments and Degree Programs .............. 3
III. Students ...................................................... 4
IV. Instructional Staff .......................................... 5
V. Finances ....................................................... 5
VI. Facilities .................................................... 5
VII. Campus Governance ......................................... 6
VIII. Alumni/ae .................................................. 6

CHAPTER TWO: EXECUTIVE SUMMARY ......................... 9

I. A Re-affirmation of Mission .................................. 9
II. The Financial Hurdles ....................................... 9
III. Educational Programs and Academic Program Review .... 11
IV. Students ...................................................... 11
V. Faculty ........................................................ 12
VI. Academic Support Resources .............................. 13
VII. Organization, Administration and Governance .......... 13
VIII. Assessment and Planning .................................. 13
IX. Future Directions ........................................... 14

CHAPTER THREE: THE SELF STUDY PROCESS .................. 17

I. A Perspective on Self Study .................................. 17
II. Planning and Organization .................................. 17

CHAPTER FOUR: MISSION AND GOALS OF QUEENS COLLEGE .... 21

I. The 1985 Mission Statement .................................. 21
II. The 1995 Statement of Purpose ............................ 22
CHAPTER FIVE: ACADEMIC PROGRAMS ........................................ 27

I. Context .......................................................... 27
II. Overview, New Programs and Revised Majors ................................. 27
III. Undergraduate Requirements and Standards .................................. 30
    A. The Baccalaureate Degree .............................................. 30
    B. The Liberal Arts and Sciences Area Requirements (LASAR) ............. 30
    C. The University's College Preparatory Initiative ............................ 33
IV. Interdisciplinary Area/Ethic/World Studies Programs and Multiculturalism ...... 34
V. Evening Programs ..................................................... 36
VI. The Freshman Year Initiative (FYI) ....................................... 37
VII. Alternative Credit-Bearing Programs ........................................ 38
    A. Adult Collegiate Education (ACE) ....................................... 38
    B. Special Programs / SEEK ............................................... 39
    C. Worker Education / Labor Education and Advancement Project (LEAP) .... 40
    D. The Senior Citizen Program ............................................ 41
    E. The Cooperative Education Program .................................... 41
VIII. Graduate Studies ..................................................... 41
    A. Master's Programs and Advanced Certificates ................................ 41
    B. Issues Raised by the 1986 Middle States Evaluation ........................ 42
       1. Curricular Change ..................................................... 43
       2. Financial Support for Graduate Students ................................. 43
       3. Library Resources and Hours ......................................... 43
       4. Evening Administrative Support ....................................... 44
    C. Administrative Reorganization .......................................... 44
    D. Doctoral Programs ...................................................... 45
    E. The Academic Future of Graduate Studies ................................... 46
IX. Program Enrollments and Degrees Conferred .................................. 46
X. Means of Maintaining Quality .............................................. 49
    A. Departmental Review ................................................... 49
    B. Academic Program Review .............................................. 50
    C. Course and Faculty Evaluation Questionnaire .............................. 54
XI. Summary List of Recommendations on Academic Programs .................... 55

CHAPTER SIX: ACADEMIC SUPPORT SERVICES .................................. 59

I. The Queens College Library .................................................. 59
    A. Structure ............................................................... 59
    B. Collections ........................................................... 59
    C. Access to Resources Outside Queens College ................................ 63
    D. Physical Condition of the Collections .................................... 64
    E. Services ................................................................. 65
    F. Faculty and Staff Resources ............................................ 67
    G. Future Directions ...................................................... 68
II. The Academic Computer Center ............................................. 68
    A. Overview of Facilities and Services ..................................... 68
    B. Analysis of Facilities and Services ..................................... 69
III. Academic Skills and Resource Center (ASRC) and College English as a Second Language Program (CESL) ......................... 70
    A. Administrative Structure and Services ................................... 70
    B. Analysis ................................................................. 70
CHAPTER SEVEN: SUPPLEMENTARY PROGRAMS

I. Organized Research ............................................. 77
   A. Asian/American Center .................................. 77
   B. John D. Calandra Italian American Institute ....... 77
   C. Center for the Biology of Natural Systems .......... 78
   D. Center for Byzantine and Modern Greek Studies ... 78
   E. Center for the Improvement of Education .......... 78
   F. Center for Jewish Studies ................................ 79
   G. Center for the New American Workforce .......... 79
   H. Michael Harrington Center for Democratic Values and Social Change 79
   I. Labor Resource Center .................................. 79
   J. The Papers of Robert Morris Project ................. 79

II. Non-credit Programs ......................................... 80
   A. Continuing Education Programs ....................... 80
      1. The Continuing Education Program (CEP) ........ 80
      2. English as a Second Language (ESL) ............. 81
      3. The English Language Institute (ELI) ............. 82
      4. Center for Unlimited Enrichment (CUE) ......... 82
   B. The Center for Preparatory Studies in Music (CPSM) 82
   C. The Athletic and Recreation Programs ................. 82
   D. The Queens College Center for Environmental Teaching and Research 83

III. Collaboration with Schools ................................. 83
    A. Townsend Harris High School ......................... 83
    B. The Louis Armstrong Middle School .................. 84
    C. Project SCOPE .......................................... 84

IV. Cultural Enrichment ........................................ 85
    A. Golden Center for the Performing Arts .............. 85
    B. The Fine Arts Departments, Art Center and the Godwin-Ternbach Museum 85
    C. The Arts Advisory Board ................................ 86
    D. Public Art on Campus .................................. 86
    E. The Queens College Evening Readings ................. 87
    F. The Louis Armstrong Archives ........................ 87
    G. Other Organizations Contributing to Campus Culture 87
    H. Perspectives on Change ................................. 88

CHAPTER EIGHT: FINANCIAL RESOURCES ................................... 91

I. Background Information on Revenue Sources ............. 91
   A. Budget Overview ........................................ 91
   B. Tuition and Tuition Revenues .......................... 96
   C. Fees ...................................................... 98
   D. The Queens College Foundation and the Office of Development 99
   E. Research and Sponsored Programs ...................... 101
CHAPTER NINE: PHYSICAL RESOURCES

I. The Evolution of the Campus ................................. 135
   A. The Facilities from 1937 to 1985 ....................... 135
   B. Facilities Changes Since 1986 ......................... 135
II. Existing Facilities Highlights and Concerns .......... 137
   A. Community-Oriented Facilities .................. 137
   B. Powdermaker Hall ....................................... 141
   C. Science Facilities - Equipment Upgrades ......... 141
   D. Science Facilities - Unmet Needs ................ 142
   E. Facilities for Students With Disabilities ....... 143
   F. Parking Facilities and Their Allocation ......... 143
   G. Telephone Services ..................................... 144
   H. Advanced Telecommunications ..................... 144
   I. Energy Conservation .................................... 145
III. The Capital Budget Process .............................. 146
   A. The Master Plan .......................................... 146
   B. The Capital Planning Process Today ............. 146
   C. Planning for Renovation and Rehabilitation .... 146
IV. Planning Committee's Facilities Survey Questionnaire 147
V. Task Force Survey of Department Chairs on Facilities 147
VI. Survey of Students on Facilities ....................... 148
D. Regional Diversity ................................................................. 190
E. A Commuter Faculty ............................................................. 190
II. Institutional Policies and Procedures Governing Faculty Employment, .............................................. 191
   Re-appointment, Tenure and Promotion ........................................... 191
   A. Faculty Recruitment and Selection; Quality Control on Appointments ......................... 191
      1. Obtaining Authorization to Search ........................................................................... 191
      2. Faculty Diversity Program ...................................................................................... 191
      3. Procedures for Recruitment, Screening and Hiring .................................................. 192
      4. Problems in Attracting Candidates ......................................................................... 193
   B. Reappointment, Non-reappointment, Tenure and Promotion ..................................... 193
      1. Reappointment of Non-Tenured Faculty ................................................................. 193
      2. Grading Tenure ........................................................................................................... 194
      3. Promotion .................................................................................................................. 195
   C. The Valuing of Teaching, Research and Service ......................................................... 195
III. Faculty Workload - Teaching Responsibilities ................................................................. 197
   A. Teaching Load .............................................................................................................. 197
   B. Institutional Support for Teaching Activities ................................................................ 198
   C. Awards for Teaching Excellence and Innovation ......................................................... 198
      1. President's Award for Excellence in Teaching ............................................................ 198
      2. President's Mini-Grant for Innovative Teaching ....................................................... 199
      3. Mini-grant for Departmental Diversity Initiatives ..................................................... 199
IV. Research and Scholarship .............................................................................................. 199
   A. Faculty Achievements ................................................................................................... 199
   B. Released Time .............................................................................................................. 200
   C. Support for Faculty Research and Improvement ....................................................... 201
      1. Fellowship Leave ....................................................................................................... 201
      2. Travel Funds ............................................................................................................. 201
      3. The PSC-CUNY Faculty Research Award Program ................................................ 202
      4. The Office of Research and Sponsored Programs and the Development Office .......... 202
      5. President's Research Award ...................................................................................... 202
      6. Start-up Funds and Released Time for New Faculty ................................................ 203
V. Faculty Service ................................................................................................................ 203
   A. Service to the College .................................................................................................... 203
      1. Departmental Service ................................................................................................. 204
      2. College-wide Service ................................................................................................. 205
   B. Service Outside the College ......................................................................................... 205
   C. The Valuing of Service ................................................................................................. 205
VI. Secretarial Assistance and Related Administrative Support .............................................. 206
VII. Faculty Participation in Policy and Program Formation and in Governance .................. 206
   A. Structures for Participation ............................................................................................ 206
   B. Faculty Contributions to the Planning Process ............................................................ 207
   C. Tenure and Promotion .................................................................................................. 207
   D. Central Control Issues ................................................................................................ 207
   E. The Role of Collective Bargaining ............................................................................... 208
VIII. Recommendations and Commentations ....................................................................... 208
IX. Summary List of Recommendations on Faculty ........................................................... 212

CHAPTER TWELVE: GOVERNANCE ................................................. 217

I. College and University Governance Structures ............................................................. 217
II. Departmental Governance .............................................................................................. 217
III. Divisional Caucus and Screening Committees ........................................ 218
IV. The College P & B Committee ............................................................... 219
   A. Standing Committees of the College P & B ....................................... 220
      1. The Executive Committee ....................................................... 220
      2. The Committee of Six ......................................................... 221
      3. The Budget Committee ......................................................... 222
      4. Other Committees of the College P & B .................................. 222
   B. Improvement of Communication ..................................................... 222
V. Academic Senate ................................................................................. 223
   A. Structure and Function ................................................................. 223
   B. Representation on and of the Senate ............................................. 225
   C. Committees of the Academic Senate ............................................. 227
   D. The Senate's Relationship to the University .................................. 228
   E. The Senate's Relationship to the College P & B ............................ 228
   F. The Senate's Relationship to the Administration ........................... 229
   G. The Senate's Relationship to the College President ....................... 229
   H. Summary Findings on the Academic Senate .................................. 230
VI. Bargaining Units .............................................................................. 231
VII. Law School and Queens College ....................................................... 232
VIII. Summary List of Recommendations on Governance ......................... 232

CHAPTER THIRTEEN: ORGANIZATION AND ADMINISTRATION ............. 237
I. Introduction ......................................................................................... 237
II. Changes in Overall Organization and Administrative Structure .......... 237
III. Analysis of Three Deanships .............................................................. 242
   A. Dean of Graduate Studies and Research ..................................... 242
   B. Dean of the School of General Studies ....................................... 243
   C. Dean of Experimental Programs .................................................. 244
   D. Summary on Deanships ............................................................... 245
IV. Analysis of Other Administrative Positions ....................................... 245
   A. Vice President of Student Services and Dean of Students .......... 245
   B. Affirmative Action Officer ............................................................ 246
V. General Comments about College Organization and Administration .... 246
   A. Knowledge About Administration .............................................. 246
   B. Assignment and Supervision of Office Support Staff .................. 247
   C. Function of Ad Hoc Committees ................................................. 247
VI. Relationship of Queens College to the CUNY Central Administration .... 248
   A. General Description of the CUNY Central Administration .......... 248
   B. Description and Analysis of the Relationship to the Central Administration 249
   C. Other Aspects of the Queens College and CUNY Relationship ....... 252
      1. Articulation ............................................................................. 252
      2. College Preparatory Initiative (CPI) ........................................ 254
VI. Relationship of Queens College with the Graduate Center .................. 255
VII. Summary List of Recommendations on Organization and Administration . 257

CHAPTER FOURTEEN: ALUMNI/AE ...................................................... 261
I. Establishment and Functioning of the Office of Alumni Affairs ............. 261
II. Issues of Concern to Alumni/ae ........................................................ 262
CHAPTER FIFTEEN:
INSTITUTIONAL EFFECTIVENESS AND CHANGE 

I. A Focus on Assessment ........................................... 267
II. Student Learning .................................................. 267
   A. Institutional Level ............................................. 267
      1. Academic Program Review .................................. 268
      2. Surveys of Graduates ....................................... 268
      3. General Education Requirements .......................... 269
      4. The Freshman Year Initiative and Freshman Survey .... 269
      5. Developmental Courses ..................................... 270
      6. Quality of Teaching ....................................... 270
      7. Institutional Research's Fact Book ....................... 271
      8. Faculty Research Productivity ............................ 271
   B. Departmental and Course Level ............................. 271
      1. Student Participation in Departmental "Honors" Programs .. 271
      2. Student-Faculty Interchange .............................. 271
      3. Departmental Curriculum .................................. 272
      4. Other Department Procedures ............................. 272
III. Students' Ethical and Personal Development .................. 273
   A. Students' Understanding of Themselves ..................... 273
   B. Students' Understanding of Others ......................... 274
      1. Academic Programs ....................................... 274
      2. Development of a Course Requirement in Cultural Diversity .. 274
      3. Extracurricular Activities ................................ 275
   C. Students' Understanding of Their Environment ............. 275
IV. Students after Graduation ..................................... 276
   A. Institutional Level .......................................... 276
   B. Departmental ................................................ 277
   C. Research Findings of Professor Dunn Savage ................ 277
V. Faculty Development and Achievement .......................... 278
   A. Teaching Evaluation Procedures ............................ 278
   B. Procedures to Evaluate Scholarship and Creative Activity .. 279
   C. Service Evaluation Procedures ............................. 280
   D. Institutional Reward System ................................ 280
   E. Faculty Development and Mentoring ........................ 281
VI. Administrative and Staff Contributions to Institutional Effectiveness ............................................ 282
   A. Administration .............................................. 282
   B. Staff ....................................................... 282
VII. Quality of Campus Life ....................................... 283
VIII. Summary and Recommendations ............................... 284
   A. Use of Assessment Findings ................................ 285
   B. Assignment of Responsibility ............................... 285
   C. Additional Assessment Procedures ........................ 286
      1. Longitudinal Survey ...................................... 286
      2. Graduating Student Survey ............................... 286
      3. Essays .................................................. 287
      4. Additional Approaches ................................... 287
xiv. Summary List of Recommendations on Institutional Effectiveness and Change .......... 290

CHAPTER SIXTEEN: PLANNING ........................................ 295

I. A Retrospective on Planning at Queens College ........................................ 295
II. The Successes of the 1985-1993 Five-Year Plan ....................................... 297
III. The Failures of the First Five-Year Plan ................................................. 297
IV. The 1994-1999 Five-Year Plan .............................................................. 298
V. Academic Program Planning ................................................................. 299
VI. Recommendations and Commendations .................................................... 300
VII. Summary List of Recommendations on Planning ...................................... 305

APPENDIX A ................................................................................. A1

I. Initial Planning ................................................................. A1
II. Appointment of the Steering Committee and Organization of the Task Forces .... A1
III. Operation of the Steering Committee ....................................................... A2
IV. Operation of the Task Forces .......................................................... A3

APPENDIX B ................................................................................. B1

I. Guidelines for Academic Program Review ............................................. B1
II. Timetable and Administrative Checklist ............................................. B5
