

**QUEENS COLLEGE**  
**Department of Family, Nutrition & Exercise Sciences (FNES)**  
**Family and Consumer Science (FCS)**

**MAJOR: FNES/FCS Specialization: Food Service Management**

The **mission** of the Food Service Management specialization is to impart an understanding of the scientific principles of management of food service institutions by integrating didactic and laboratory instruction in institutional food administration, and food science.

The **goals** of the Food Service Management specialization are to:

1. Impart fundamentals of food science and institutional administration knowledge and their application.
2. Develop students' ability to solve problems and think critically in areas of food service management in preparation for careers in a variety of settings that include: hospitals, nursing homes, school meal service or other institutional meal service programs and the hospitality industry.

Note: This track does not meet the American Dietetic Association requirements to receive a Verification Statement which is necessary for becoming a Registered Dietitian (RD).

**FAMILY AND CONSUMER SCIENCES REQUIREMENTS**
