The Child Development Center at Queens College provides a quality child care and early childhood education program to meet the needs of both the student-parent and the child. Additionally, we offer after school care for children between the ages of 5 and 10. Professional staff provide on-campus care and education according to flexible schedules that accommodate parents' needs. The program offers a multicultural environment that promotes the strength and value of human diversity.

Developmentally appropriate activities which stimulate children's intellectual and creative abilities, enhance motor development and contribute to the acquisition of social skills – are the foundation of the curriculum. Independence is encouraged by giving children the freedom to make choices. Each child is viewed as an individual with his/her own rate of growth and development. The Child Development Center at Queens College, Inc. is a nonprofit institution licensed by the New York City Department of Health, Division of Day Care.

STAFF

The Center's director and teachers are early childhood educators certified by New York State. In addition to a teacher, each classroom has an assistant teacher and classroom aide with experience and training in the field of education. Student aides work as classroom and administrative assistants.

ELIGIBILITY

Queens College student-parents may register their toilet-trained children who are between the ages of thirty months and six years. A copy of the child's birth certificate and immunization record must be submitted at registration. The Center admits students regardless of race, creed, national or ethnic origin, and does not discriminate in the administration of its policies or programs.

REGISTRATION

Student-parents register their children according to their class schedule, with priority given to current center parents. Each child is scheduled on a consistent basis for the entire semester since the center does not provide drop-in or babysitting services. Two sessions are offered each day, except Friday: a day session from 8am - 4pm and an evening session from 4 pm to 8 pm. Enrollment is available in blocks of time. A child may be registered in the day session for four, six, or eight hours per day; however, each child must be registered for a minimum of four hours daily and eight hours weekly. Children will be scheduled to arrive at 8 am, 9 am, 10 am, 11 am, 12 noon, or 2 pm (New children will not be registered for 12 noon arrival.) No Child will be registered for more than eight hours per day.

Evening session arrivals are scheduled on an hourly basis beginning at 4 pm with a minimum requirement of two hours daily and four hours weekly. The evening rate will apply to any child scheduled to arrive at 4 pm or later.

A registration for new applicants is scheduled prior to each semester. Enrollment is on a first-come first-served basis, and registration in any time period will close when all available spaces are filled. A non-refundable registration fee must be paid at the time of registration.
