

Undergraduate Course Offerings

COURSES THAT SATISFY LASAR

Any course that satisfies one of Queens College's Liberal Arts and Sciences Area Requirements (LASAR) will have one of the following symbols at the end of its listing, noting which LASAR group it fulfills:

H1T1	Humanities I, Tier 1
H1T2	Humanities I, Tier 2
H2	Humanities II
H3	Humanities III
PBGA	Physical & Biological Sciences, Group A
PBGB	Physical & Biological Sciences, Group B
SQ	Scientific Methodology & Quantitative Reasoning
SS	Social Sciences
PN	Pre-Industrial/Non-Western Civilization

Writing-Intensive Courses

A "W" following a course number means it is a writing-intensive course that carries one W unit (e.g., 130W). If only certain sections of the course will be writing intensive, the course number will appear twice (e.g., 130, 130W).

Course Availability

Following every course listing is the session designation of when the course will be offered: Summer Session 1S, 1L, 2S, or 2L.

ACCOUNTING & INFORMATION SYSTEMS

Summer Session Supervisor:
Prof. David Hornung
Dept. Office: Powdermaker 215,
718-997-5070

Courses in Accounting

Students must read the departmental listing for prerequisite course requirements.

All students taking courses in the Department of Accounting & Information Systems must earn a minimum grade of C- in any course taken in the department in order to advance to the next course in the sequence. Students

earning a grade of D+ or less must repeat the course in which the D+ or less was earned. Students who repeat a course are reminded that credit can be received only once. Both grades, however, are computed in the average.

A student must obtain a minimum grade of C- for each course in this department that will be used to meet the major requirements. Students must earn a C average (2.0) for all courses usable for the major (i.e., accounting, economics, and other electives that can qualify as part of the major).

WEEKEND COLLEGE

Director: Dr. Karen A. Kennedy
Program Office: Kiely 137
718-997-4848

Weekend College provides the opportunity for Queens College students to earn their BA or BS degree by going full- or part-time and taking all of their classes on Friday evenings and Saturday

and Sunday mornings and afternoons. We also offer intensive courses in Summer Session 1 on the weekend. Such courses are open to all students from the beginning of the Summer Session 1 registration period.

Majors that currently can be earned entirely on the weekend are accounting, psychology, and sociology. There is also the option for an individualized interdisciplinary liberal arts major. All Weekend College students are permitted to add to their scheduling flexibility by taking evening and weekday classes. Weekend classes and support services have been designed and implemented with the needs of the working and family-focused population in mind.
