

# THE REGISTRATION SCHEDULE

## Summer 2005 Registration Schedule

The period from April 12 through April 15 is reserved exclusively for Summer Session registration.

Students should register according to their classification (see chart at right) and time (determined by the first letter of their last name).

Group classification of undergraduates is determined by the number of credits earned.

The computer will not permit you to register ahead of your scheduled time, but you may register *at any time* thereafter, up to the end of the second day of classes in each session.

**Continuing graduate matriculants** may register at any time during the registration period, beginning on Tuesday, April 12, via Web or telephone unless their departments/programs require registration through the department office.

**New graduate matriculants and non-matriculants MUST** register in their department/program office.

**You may register online (webreg.qc.cuny.edu) or via our Telephone Registration System (1-718-606-1100), and you may register for any of the four sessions during the first registration period.**

For a listing of courses offered during each session, see the Class Schedule section of this *Bulletin* or access the Queens College Web site at [www.qc.cuny.edu/registrar](http://www.qc.cuny.edu/registrar).
