Unless otherwise specified, all seminars are held on Monday, 11:15-12:15 in Remsen 105. You are required to attend each seminar during the Spring 2020 semester, and to sign the attendance sheet. Your grade will be based on your attendance and the paper you write on one of the presentations.

You may choose one of the speakers and write a 5-page paper on the topic they spoke about. The paper you write should include a review of the literature relevant to the speaker’s topic, and a discussion of the points, results and conclusions that the speaker presented.

All papers must be submitted to Professor Rotenberg by 5PM on Friday, May 22, 2020.
