Master of Science in Education Fully Online Program
Family & Consumer Sciences Education, K-12
Professional Certification Program

Admission Requirements:
1. Take the GRE Revised General Test (required starting July 1, 2016).
2. An average of B (GPA of 3.0) or better in the undergraduate major.
3. Initial Certificate in a teacher education program.

Maintenance Requirements:
1. Students must maintain a B (GPA of 3.0) or better in the program.
2. The graduate advisor must approve sequence of courses.
3. Students must purchase a Chalk and Wire account where assignments from courses are submitted for evaluation as part of the CAEP Accreditation at Queens College.

Graduation Requirements:
1. Students must complete a minimum of 30 graduate credits, as listed below, with an academic average of B (GPA of 3.0) or better.
2. Students must pass a comprehensive exam based on courses taken in the program.

All courses are offered fully online to meet the diverse needs of today’s teachers. Courses combine synchronous activities (real-time video conferencing) and asynchronous activities (communication occurring at different times) that provides students flexibility and convenience for an overall in-depth learning experience in FCS education.
