## Updated Office Hours for Spring 2020 General Program Advisement

The revised office hours listed below will be held virtually, and the advisors will be able to talk with you over the phone or through an online meeting platform, like Google Meet or Zoom. **Please email the advisor at least 24 hours prior** to their virtual office hours, and they will provide you with further instructions on how they will proceed with their advisement hours.

*Please note that the advisors below are available regularly by email. Because of CUNY's move to distance learning during the spring 2020 semester, we kindly ask for your patience in waiting for a response as advisors are also teaching courses that may require regular email communications with their students.*
