More **NYSAPAT DesignSpace** Webinars in the Target Language

Come join us and listen to teachers who have designed articulated assessment tasks in the three modes across our Checkpoints A, B, and C. They will explain the design process and how they developed their exemplar, from authentic material to specific Can-Dos, all in the TL. Let them show you the *DesignSpace*, how to register, and start designing your own NYSAPATs, ideal for technology integration! Hosted by [Dr. Eddy](#) and the following terrific NYS teachers!
