**Duration**
2 years / Academic term: April - August, October - February

**Description**

The Global Master Program (GMAP) in Economics is a unique interdisciplinary program with a particular emphasis on economics, law and business administration. The program is designed mainly to provide a new approach to studying international business for both Japanese and foreign students. All courses are taught in English, and some courses are taught collaboratively by our faculty and prominent foreign professors. After completion of this program, interested students can transfer to the doctoral program in our graduate school.

</thead>
<tbody>
<tr>
<td>Medicine</td>
<td>Doctoral program</td>
<td>Full-degree program</td>
</tr>
</tbody>
</table>

**Duration**
3 years / Academic terms: April - February, October - August

**Description**

This course aims to foster talented persons who take leadership positions in medical research. The system enables students to join the course for studying both clinical and basic research. Students can also take cross-disciplinary lab rotation and core lectures offered in English. Students select two areas of specialization, one from basic areas and another from clinical areas, both of which are relevant to disease. The curriculum enables systematic study of a broad spectrum of specialized knowledge ranging from investigation of basic clinical conditions to development of clinical strategies. We continue to contact alumni who return to their countries, trying to strengthen a network for human resource development.

</table>

**Duration**
2 years for Master's, 3 years for Doctorate / Academic terms: April - February, October - August

**Description**

This program aims to enable students to acquire the communication skills and cross-cultural understanding required to develop healthcare activities. Through the creation and practice of comprehensive health sciences suited to overseas socio-economic situations and lifestyles, we aim to train advanced practical specialists in the health sciences capable of making contributions primarily at international institutions.
Undergraduate Courses offered in English for 2017/2018

About the quarter system: From 2016 Kobe University adopted the quarter system. The academic year is divided into 4 terms, known as “quarters”. Some programs continue to follow the semester system, and procedures for registration, tuition fees and credits also continue to operate according to the semester system.

Kobe University Syllabus: A comprehensive database of the courses offered at Kobe University (including classes held in Japanese) can be found at the following link: https://kym-syllabus.ofc.kobe-u.ac.jp/campussy
