

# Fall 2021 Pathways Course Offerings

Retrieved: 07/14/2021

Freshmen and transfer students who entered the college in Fall 2013 to present, select courses from the following list of offered Pathways courses to fulfill their General Education requirements. Note: Although some courses appear under multiple Pathways designations, **each course can only satisfy one Pathways requirement** (i.e., Psychology 101 can fulfill *either* Scientific World or College Option Science, **but not both**). Students are responsible for checking course prerequisites and conditions, and students cannot earn credits for duplicative courses (e.g. ASTR 1 & ASTR 2, which are considered the same course--with and without a lab component. Such information is indicated on CUNYfirst under each course description.). Also note that some course sections are taught with and without Writing Intensive Units ("W"s). Be sure to pick the proper section to meet your individual requirement needs. If you are unsure as to your course choices, please review with an academic advisor. Lastly, students cannot use the Pass/No Credit (P/NC) grading option for Pathways courses. **For more information on General Education, please visit: <http://gened.qc.cuny.edu/course-lists/pathways-courses/>**
