The pass/no credit option was created to allow you to explore new disciplines or take a genuinely challenging course.

Queens College’s Pass/No Credit (P/NC) Option.

▪ Students may select one course each semester and one course in either Summer Session I or II for grading under the P/NC Option. (Note: Summer Session I and II are considered as one semester.)

▪ No more than 21 credits of P/NC may be applied toward the baccalaureate degree. Courses in which students may only earn a P or NC are not included in the 21 attempted P/NC credit limit.

▪ Instructors cannot submit a grade of P or NC except in courses where these grades are the only legal grade. All earned passing grades will be converted to P; F grades will be converted to NC.

▪ The NC grade is only assigned when an F is submitted by the instructor. If a student does not attend the course or if, as a result of excessive absences, the instructor has no basis on which to submit a final grade, a grade of WU may be assigned.

▪ The grade of WU will not be converted to an NC. Only an earned failure is converted to an NC, thus students must still attend the class after selecting a P/NC grading option. WU and WF grades in courses taken under the P/NC Option remain on the student’s record and counts into the cumulative average.

Other Policies and Procedures:

1. Students who have received a P in a course that later becomes part of their major may appeal to the Undergraduate Scholastic Standards Committee to have the P replaced by the earned grade originally assigned by the instructor. (See Appeal Forms MyQC).
2. Selecting and Deselecting the P/NC Option: Students may select and deselect the P/NC Option by using the Web system. The choice must be finalized by the deadline. **P/NC choice is final and cannot be changed after the option deadline has passed.**
3. General College Honors: grades of P will not be applied to general college honors, which requires a student to complete at least 45 credits with letter grades (A, B, C, D, F) at Queens College, for more details, please refer to Undergraduate Bulletin 2018-2019 p. 63.

Things To Consider Before Election Of This Option:

If you plan to attend graduate or professional school, you should check their policy for calculating “P” grades before choosing the P/NC option. (See below).

**A Word about Pass/Fail (aka “No Credit”) from The Princeton Review**

If your school offers you the chance to take an academic class pass/fail, don’t do it. Take all your classes for letter grades. Admissions officers don’t know what to make of a “pass” on your transcript. They may count it as a C or even a D in calculating your grade point average. They will certainly decide that you were coasting when you took that course. At the very least, you should never take a solid academic course pass/fail. (You may have no choice about taking some courses, like driver’s education…pass/fail; that’s not what we’re talking about.)

**A Word about Pass/No Credit from The Advising Center**

A grade of “P” does not help nor hurt your GPA, but the “A” or “B” you later found out you would have received could have helped tremendously!

Also, remember, education is about learning, challenging yourself, and “leaning into your sharp edges.”

**Don't Do “Easy”**! Education is an investment in yourself—only you can make the “deposit”- no one else will.
