Electives

QC Electives

• If you transfer in 75 or fewer credits, you must reach at least 120 credits (minimum 45 credits in residency).

• **If you transfer in 76 or more credits, you must complete a minimum of 45 credits in residency and will need to exceed 120 credits.**

• If your transfer credits, plus your remaining QC Core and remaining major requirements do not add up to 120 credits (with 45 credits in residency) elective credits are needed.

• Consider an internship, minor, or study abroad as options!
When you speak with your academic advisor, you will learn the process for declaring the particular major in which you are interested if you have not already done so through the Admissions application.

Please note that you must declare your major by your 60th completed credit. This is required by CUNY and Financial Aid.
