How Will I Graduate in 4?

❖ **Plan**

Review the Academic Program Map for your major and strategize with an advisor on how you will complete your degree. *Planning and meeting with an Academic Advisor early and regularly is KEY! Advising is mandatory—not optional!*

❖ **Earn**

Stay on track earning **at least 30 credits each year** and visit your Academic Advisor to make sure all of the credits you’re earning are counting towards your degree.

❖ **Complete**

Successfully complete all required coursework for your degree in four years and we’ll see you at graduation!
To graduate in 4 years you need to take 15 credits a semester (Fall|Spring).
- Discuss winter and summer options with your advisor.

120 credits = CLASS OF 2026!!!!
That is: 4 years = 8 semesters x 15 credits (approx. 5 courses per semester)

There are FOUR SESSIONS an academic year:
- Fall Semester - starts end of August through mid December
- Winter Semester - first three weeks of January
- Spring Semester - end of January through end May
- Summer Sessions – starts June through August – 4 separate sessions. Take up to 15 credits.

2.0 GPA (C average) minimum GPA (Grade Point Average) required to maintain good academic standing. AIM HIGHER THAN THE MINIMUM!
Majors often require higher averages.

STAY ON TRACK! Do not drop, switch, or withdraw from coursework unless you have first discussed with an academic advisor. There can be academic and financial implications.
