This 4-year academic plan is designed to help freshmen entering Queens College in Fall 2019 plan their academic career and ensure that they complete all requirements for graduation in a timely fashion. All other students should consult their academic and department advisors to chart their own 4-year academic plans. Students should note that course pre-requisite/s and co-requisite/s are strictly enforced and they should regularly meet with their department advisors to identify their specific major/minor requirements and entrance and maintenance criteria (if applicable) for successful completion of their degree.

* Required: 36 credits taken above the FREN 111 level. Students who enter with prior study of French must consult with a French program advisor for placement at their level of proficiency. French BA majors must meet with an Undergraduate Advisor for French for proficiency assessment during their first semester.

**FREN 41W also fulfills the General Education Literature and one writing intensive requirements.

*** No more than three courses taught in English, including the required "Eurocourse," on relevant aspects of French culture may count toward the major.

-French majors are strongly advised to take some courses toward the major through the CUNY/Paris exchange program or the CUNY/ICP French Language in Paris Summer Program.

- Students are advised to complete FREN 206 or 228 before enrolling in advanced (FREN 300-level) literature courses.

****General Electives: Students may complete general electives by taking courses in (most) department/s or programs they choose; however, depending on the course/program, students may need department permission and/or prerequisite course/s. Electives may be used to supplement the chosen major (an English major may want to take a course in French or Italian literature) or to fulfill interest in a different area (a Music major may be interested in the physics of sound). Students are encouraged to use available electives to complete a dual major, minor, pre-requisites for graduate or professional school, or complete an internship, experiential learning and/or study abroad. Students are encouraged to use their available general electives wisely and focus on coursework that will assist them personally, academically and professionally.
