Elective Credits

This 4-year academic plan is for freshmen entering Queens College in Fall 2021. Our 4-year academic plans are illustrative examples of integrated degree requirements and course sequencing for each of the College's programs of study which are designed to ensure degree completion in a timely manner. Students are advised to meet with professional and faculty advisors to tailor their degree maps to their individual interests (academic and career goals), as well as other considerations including course offerings and the incorporation of winter and summer sessions. Course pre-requisite/s and co-requisite/s are strictly enforced, as are entrance and maintenance criteria (if applicable) for the successful completion of the degree.

QUEENS COLLEGE

Mathematics BA

Pure Math Option

FOUR YEAR ACADEMIC PLAN

Freshman

FALL

English Composition I (EC1)	3 credits
MATH 122 (MQR)	4 credits
Pre-calculus	
World Cultures & Global Issues (WCGI)	3 credits
US Experience in Its Diversity (USED)	3 credits
Creative Expression (CE)	3 credits

Fall total credits

16 credits

SPRING

English Composition II (EC2)	3 credits
MATH 151¥ (or equivalent)	4 credits
Calculus I	
Individual and Society (IS)	3 credits
Scientific World (SW)	3 credits
An Additional Flexible Core	3 credits

Spring total credits

16 credits

Sophomore

FALL

MATH 152¥ (or equivalent)	4 credits
Calculus II	
MATH 231	4 credits
Linear Algebra	
College Option Literature (LIT+W) With Writing Intensive Unit*	3 credits
Foreign Language (LANG)	4 credits

Fall total credits

15 credits

SPRING

MATH 201	4 credits
Multi-Variable Calculus	
PHYS 1454&1451 (LPS)	5 credits
Principle of Physics I	
One Writing Intensive Unit (W)	3 credits
An Additional College Core	3 credits

Spring total credits

15 credits

General Education requirements may be taken in any order if the pre-requisite requirement(s) is/are satisfied.

* If a Literature course is taken with a W, it will count towards Literature and one Writing Intensive Unit.

¥The following sequences of classes are considered the equivalents of MATH 151 and MATH 152: MATH 141, 142, and 143; MATH 131, 132, and 143; MATH 151, 142, and 143, MATH 157 and 158.

FOUR YEAR ACADEMIC PLAN

Junior

FALL

MATH 202 (or 207) Advanced Calculus	4 credits
PHYS 1464&1461 (SCI) Principles of Physics II	5 credits
Math Elective® (in consultation with Math Dept. advisor)	3 credits
Math Elective® (in consultation with Math Dept. advisor)	3 credits

Fall total credits **15 credits**

SPRING

MATH 310 Real Analysis	3 credits
MATH 333 Introduction to Algebraic Structures	3 credits
Math Elective® (in consultation with Math Dept. advisor)	3 credits
Math Elective® (in consultation with Math Dept. advisor)	3 credits
Second major, minor, or general electives	3 credits

Spring total credits **15 credits**

Senior

FALL

Math Elective® (in consultation with Math Dept. advisor)	3 credits
Math Elective® (in consultation with Math Dept. advisor)	3 credits
Second major, minor, or general electives	9 credits

Fall total credits **15 credits**

SPRING

Math Elective® (in consultation with Math Dept. advisor)	3 credits
Math Elective® (in consultation with Math Dept. advisor)	3 credits
Second major, minor, or general electives	9 credits

Spring total credits **15 credits**

® Eight elective MATH courses at the 200-, 300-, 600-, or 700-level (not including MATH 271, 272, or 385). Two of the following courses may be taken to fulfill elective requirements: CSCI 111, CSCI 320, PHYS 207, PHYS 243. [Some of these elective courses require a prerequisite (CSCI 220 or PHYS 146.4) that does not count toward the math major, but would count toward a major or minor in that subject.]

**General Electives: Students may complete general electives by taking courses in (most) department/s or programs they choose; however, depending on the course/program, students may need department permission and/or prerequisite course/s. Electives may be used to supplement the chosen major (an English major may want to take a course in French or Italian literature) or to fulfill interest in a different area (a Music major may be interested in the physics of sound). Students are encouraged to use available electives to complete a dual major, minor, pre-requisites for graduate or professional school, or complete and internship, experiential learning and/or study abroad. Students are encouraged to use their available general electives wisely and focus on coursework that will assist them personally, academically and professionally.
