42

Elective Credits

120

Total

This 4-year academic plan is designed to help freshmen entering Queens College in Fall 2020 plan their academic career and ensure that they complete all requirements for graduation in a timely fashion. All other students should consult their academic and department advisors to chart their own 4-year academic plans. Students should note that course pre-requisite/s and co-requisite/s are strictly enforced and they should regularly meet with their department advisors to identify their specific major/minor requirements and entrance and maintenance criteria (if applicable) for successful completion of their degree.

QUEENS COLLEGE

Psychology BA

FOUR YEAR ACADEMIC PLAN

Freshman

FALL

(Lower Major Elective)	
College Option Science (SCI)	3 credits
An Additional College Core	3 credits
Second major, minor, or general	3 credits
Elective***	

Spring Total Credits

15 credits

General Education requirements may be taken in any order if the pre-requisite requirement(s) is/are satisfied.

* It is better to first choose which two upper (300-level) electives interest you, and, then, look at what lower (200-level) electives serve as their pre-requisites. This will help you determine which lower electives to take first that satisfy pre-requisite requirements for the 2 upper electives you want to take. PSYCH 214, 221, 232, and 243 serve as pre-requisites for many upper electives.

** If a Literature course is taken with a W, it will count towards Literature and one Writing Intensive Unit.

--Students are strongly advised to meet minimum grade requirements in pre-requisite courses before taking upper level coursework.

--A grade of C is required in each of these classes before progressing to the next required course in the sequence. A grade of C in PSYCH 1073 & PSYCH 1071 is required to register for 213W. A grade of C in Psych 213W is required to register for Advanced Experimental Psychology.

--Students may only repeat PSYCH 1071 & PSYCH 1073 and PSYCH 213W one time.

Senior

FALL

Advanced Experimental Psychology	4 credits
Second major, minor, or general elective	11 credits
Fall Total Credits	15 credits

SPRING

Second major, minor, or general elective	12 credits
Spring Total Credits	12 credits

***General Electives: Students may complete general electives by taking courses in (most) department/s or programs they choose; however, depending on the course/program, students may need department permission and/or prerequisite course/s. Electives may be used to supplement the chosen major (an English major may want to take a course in French or Italian literature) or to fulfill interest in a different area (a Music major may be interested in the physics of sound). Students are encouraged to use available electives to complete a dual major, minor, pre-requisites for graduate or professional school, or complete and internship, experiential learning and/or study abroad. Students are encouraged to use their available general electives wisely and focus on coursework that will assist them personally, academically and professionally.
