QUEENS COLLEGE

Nutrition & Dietetics BS

FOUR YEAR ACADEMIC PLAN

12 Required Core Credits

18 Flexible Core Credits

12 College Option Credits

Major Credits

Elective Credits

This 4-year academic plan is for freshmen entering Queens College in Fall 2022. Our 4-year academic plans are illustrative examples of integrated degree requirements and course sequencing for each of the College's programs of study which are designed to ensure degree completion in a timely manner. Students are advised to meet with professional and faculty advisors to tailor their degree maps to their individual interests (academic and career goals), as well as other considerations including course offerings and the incorporation of winter and summer sessions. Course pre-requisite/s and co-requisite/s are strictly enforced, as are entrance and maintenance criteria (if applicable) for the successful completion of the degree.

QUEENS COLLEGE

Nutrition & Dietetics BS

FOUR YEAR ACADEMIC PLAN

Freshman

FALL		SPRING

With Writing Intensive Unit*		CHEM 102.3&102.1 (SCI)	4 credits
One FNES department approved elective	3 credits	Basic Organic Chemistry	
Fall total credits	16 credits	Spring total credits	14 credits

For admission to the Nutrition and Dietetics program the student must meet the following requirements:

- a. An overall GPA of 3.2, including courses taken at Queens College and other accredited institutions
- b. A grade of B or better for all courses required in the Nutrition and Dietetics program

A 3.2 GPA from Queens College will be needed to receive a Verification Statement, a document required by the Accreditation Council for Education in Nutrition and Dietetics for entry into a Dietetic Internship. A student may be denied a Verification Statement if an Academic and/or Disciplinary Sanction was deemed necessary due to academic dishonesty.

A student may not repeat a major course more than once beyond the initial enrollment in the course. N S

Seminar in Nutrition & Dietetics			
Minor or general electives	4 credits	Spring total credits	15 credits

Fall total credits 15 credits

^{**}General Electives: Students may complete general electives by taking courses in (most) department/s or programs they choose; however, depending on the course/program, students may need department permission and/or prerequisite course/s. Electives may be used to supplement the chosen major (an English major may want to take a course in French or Italian literature) or to fulfill interest in a different area (a Music major may be interested in the physics of sound). Students are encouraged to use available electives to complete a dual major, minor, pre-requisites for graduate or professional school, or complete and internship, experiential learning and/or study abroad. Students are encouraged to use their available general electives wisely and focus on coursework that will assist them personally, academically and professionally.
