Elective Credits

This 4-year academic plan is designed to help freshmen entering Queens College in Fall 2023. Our 4-year academic plans are illustrative examples of integrated degree requirements and course sequencing for each of the College's programs of study which are designed to ensure degree completion in a timely manner. Students are advised to meet with professional and faculty advisors to tailor their degree maps to their individual interests (academic and career goals), as well as other considerations including course offerings and the incorporation of winter and summer sessions. Course pre-requisite/s and co-requisite/s are strictly enforced, as are entrance and maintenance criteria (if applicable) for the successful completion of the degree.

Family & Consumer Sciences Teacher Education, K-12 BA

Freshman

Spring total credits 17 credits

Students must receive a “C” or better in all courses required for the FCSTEd-BA major. If a grade below C is earned, a student may repeat the course once. If a grade below C is earned upon repeating the course, the student must change their major.

Students must maintain an overall “B” average (3.0 GPA) in the professional education courses that includes SEYS 201W, 221, 340, 350, ECPSE 350, FNES 336, 338 and 339.

General Education requirements may be taken in any order if the pre-requisite requirement(s) is/are satisfied.

** If a Literature course is taken with a W, it will count towards Literature and one Writing Intensive Unit.

Family & Consumer Sciences Teacher Education, K-12 BA

Junior

Fall total credits 16 credits

SPRING

FNES 339*	9 credits
Student Teaching Full-time	3 credits
General Electives	3 credits

Spring total credits 15 credits

*Students are only allowed to take one course with Student Teaching.

***General Electives: Students may complete general electives by taking courses in (most) department/s or programs they choose; however, depending on the course/program, students may need department permission and/or prerequisite course/s. Electives may be used to supplement the chosen major (an English major may want to take a course in French or Italian literature) or to fulfill interest in a different area (a Music major may be interested in the physics of sound). Students are encouraged to use available electives to complete a dual major, minor, pre-requisites for graduate or professional school, or complete and internship, experiential learning and/or study abroad. Students are encouraged to use their available general electives wisely and focus on coursework that will assist them personally, academically and professionally.
