# Summer 2024 Pathways Courses Offerings

CUNYfirst Data as of Feb.2024 022

Freshmen and transfer students who entered the college for the Fall 2013 semester or later must select courses from the following list of offered Pathways courses to fulfill their General Education requirements. Note: Although some courses appear under multiple Pathways designations, each course can only satisfy one Pathways requirement (i.e., Psychology 101 can fulfill either Scientific World or College Core/Option Science, but not both). Students are responsible for checking course prerequisites and conditions and students cannot earn credits for duplicative courses (e.g. ASTR 1 & ASTR 2, which are considered the same course--with and without a lab component. Such information is indicated on CUNYfirst under each course description.). Also note that courses are taught with and without Writing Intensive Units ("W"s). Be sure to pick the proper section to meet your individual requirement needs. For more information on QC General Education, please visit: https://gened.commons.gc.cuny.edu/course-lists/

# Summer I Short 2024 Pathways Courses (Mon. 06/03- Th. 06/27)

Note: Although some courses appear more than once under different pathways designations, <u>each course can only satisfy one</u> requirement at a time.
