**Tuition and Fees Payment Deadlines:** All tuition and fees must be paid by the Payment Due Dates. If the balance is not paid by the due date, you may be dropped from all courses. If you decide not to attend, you must drop your courses via CUNYfirst registration system before the first day of the Fall 2024 term, Wed. Aug. 28, 2024. Failure to do so will affect your official registration status; it may also result in an unofficial withdrawal and financial liability. If you are unsure of your tuition charges, please check CUNYfirst and choose the Student Center option (under Self Service). For detailed Fall 2024 term holidays and conversion dates schedule, please refer to QC Academic Calendar on the College’s website: https://www.qc.cuny.edu/communications/calendar-page/
Degree Requirements under the QC Core Curriculum

As one of the senior liberal arts colleges at CUNY, Queens College offers a rich curriculum in the academic divisions of the Arts and Humanities, Social Sciences, Mathematics and Natural Sciences, and Education. All students at Queens College must complete general education requirements and a major area of study (called the major). General education gives students the opportunity to study a broad range and variety of subjects, while the major offers students the chance to explore a particular discipline in depth. General education courses are called the QC Core Curriculum; these courses all meet the requirements of the University’s Pathways Transfer System.

To obtain a bachelor’s degree at Queens College, students must complete a minimum of 120 credits (approximately 40 courses, *minimum 45 credits must be completed in residency at QC*) that include both a major and the QC Core curriculum.

The QC Core
The QC Core consists of 14 courses, a minimum of 42 credits, and contains three parts: the Required Core, Flexible Core, and College Core/College Option. Courses cannot fulfill more than one Core requirement.

One course, English 110, satisfies the College Writing I requirement. In all other areas, students may satisfy Core requirements by choosing courses from approved lists. Students are also required to complete two Writing Intensive ("W") courses, which may be taken within the QC Core, a major, or electives.

I. Required Core (4 courses)
   - College Writing 1: English 110 (EC1)
   - College Writing 2 (EC2)
   - Mathematical and Quantitative Reasoning (MQR)
   - Life and Physical Sciences (LPS)

II. Flexible Core (6 courses)
*No more than two courses in any discipline (department) or interdisciplinary field.*
   - World Cultures and Global Issues (WCGI)
   - U.S. Experience in its Diversity (USED)
   - Creative Expression (CE)
   - Individual and Society (IS)
   - Scientific World (SW)
   - An additional Flexible Core Course

III. College Core/College Option (4 courses*)
   - Literature
   - Language
   - Science
   - An additional Core course (Excluding College Writing and MQR courses)

*Transfer Students
As a transfer student, the number of courses required to complete the College Core/College Option, which corresponds to the Pathways “College Option”, depends on how many transfer credits you have and whether or not you have taken courses from the College Option of another senior college.

Multiple Transfer Students

- Students who began at a 4-year baccalaureate program are required to complete 12 Queens Core credits. Any College Option courses taken in a baccalaureate program will count towards the Queens Core requirement at QC.
- Students who began at a 2-year associate program may have to complete 6, 9, or 12 Queens Core credits depending on their status when they first transferred from the associate program.

Transfer students should consult with an academic advisor at the Academic Advising Center (Kiely Hall 217) to verify their individual College Core/College Option requirements.

Transfer students from other CUNY colleges may have completed any or all of the Required Core or Flexible Core. These courses will appear on the student’s CUNYfirst transcript. Transfer students will also receive credit for designated College Option courses previously completed at other CUNY baccalaureate colleges.

Once a student matriculates at Queens College, all remaining College Core/College Option requirements and at least one Writing Intensive ("W") course must be satisfied by courses taken at Queens College.

- Students who transfer with an AA, AS, or AAS degree must complete two College Core courses: one Literature and one Language course.
- Students who transfer with 31 or more credits of college-level work must complete three College Core courses: one Literature, one Language, and one Science course.
- Students who transfer 30 or fewer credits of college-level work must complete four College Core courses: one Literature, one Language, one Science, and one additional course as listed above.
- Students transferring from one CUNY baccalaureate college to another must receive credit for courses they have completed in the Required Core, Flexible Core, and College Core.
- Students who hold a baccalaureate degree from an accredited and recognized institution will be deemed to have automatically fulfilled the Required Core, Flexible Core, College Core/College Option, as well as Writing Intensive requirements.

Rev. 11/2015
Summer 2024 Pathways Courses Offerings

Freshmen and transfer students who entered the college for the Fall 2013 semester or later must select courses from the following list of offered Pathways courses to fulfill their General Education requirements. Note: Although some courses appear under multiple Pathways designations, each course can only satisfy one Pathways requirement (i.e., Psychology 101 can fulfill either Scientific World or College Core/Option Science, but not both). Students are responsible for checking course prerequisites and conditions and students cannot earn credits for duplicative courses (e.g. ASTR 1 & ASTR 2, which are considered the same course—with and without a lab component. Such information is indicated on CUNYfirst under each course description.). Also note that courses are taught with and without Writing Intensive Units (“W”s). Be sure to pick the proper section to meet your individual requirement needs. For more information on QC General Education, please visit: https://gened.commons.gc.cuny.edu/course-lists/

**What is a "W" Course?**

Courses are designated W ("Writing Intensive") by the Academic Senate on the recommendation of the Undergraduate Curriculum Committee (UCC) and its Writing Intensive Subcommittee (WISC). To be considered for the W designation, a course must meet the following four criteria:

1. 10-15 pages of evaluated writing in three or more assignments (either separate papers or one term paper done in stages) so that students have the opportunity to develop and improve.
2. Some attention to writing in class in one or more of the following possible forms: discussion of papers before they are written and after they are returned; reading aloud of successful papers or models; discussion of the rhetorical strategies or writer qualities of course readings; the use of informal, ungraded writing to stimulate class discussion; peer editing; opportunities for students to give each other feedback on first drafts; discussion of goals for student writing and evaluation criteria.
3. Exams (if given) that include essay questions.
4. Maximum class-size of 30 students.

**How will I recognize W courses?**

1. Courses that have a number + a “W” (eg. AFST 234W = the Writing Intensive version of “Black Women Writers.”)
2. Writing tutorials that are linked to content area courses; for example, 151 Great Works of English Literature co-linked with English 134W, which is a Writing Tutorial. Student would need to register for and take both together.

**Why should I take W courses?**

- W courses are required.
- In order to be eligible for graduation, all students must fulfill the College’s writing requirement. To fulfill the writing requirement, all students who entered the college between Fall 1997 and Spring 2013 semester must accrue 3 W units, and all matriculants as of Fall 2013 semester must accrue 2 W units. Students may be able to transfer up to two “W” units from their previous institution/s; however, one (1) W unit must be completed in residency at Queens College for ALL students (freshmen and transfers) regardless of matriculation date.
- Writing about a subject area helps you learn.
- Writing forces you to think more deeply about a certain topic. When you write, you organize your ideas. And by writing not only do you articulate what you understand about the topic but you are also able to discover the gaps in your knowledge. Good writing skills help you succeed in any profession.
- Poor writing is among the most criticized skill gaps by employers.
- Whatever your career goal - accountant, technician, engineer, lawyer, police officer - you can be sure that it will involve writing. In fact, most employers ask for a writing sample as part of the interview process.

*Believe it or not, writing can be fun! For many, writing is relaxing and entertaining. Honing your skills in a W course can advance your writing in many creative venues: email, journal, poetry, novels, memoir, personal web site, etc.*
A Tentative Guide to Fall 2024 Pathways Course Offerings

For daily update of the courses, please visit Scheduled General Education Courses:
https://christophervickery.com/babbage/Curriculum/Approved_Courses/offered_gened.py

Freshmen and transfer students who entered the college in Fall 2013 to present, select courses from the following list of offered Pathways courses to fulfill their General Education requirements.

Note: Although some courses appear under multiple Pathways designations, each course can only satisfy one Pathways requirement (i.e., Psychology 101 can fulfill either Scientific World or College Option Science, but not both). Students are responsible for checking course prerequisites and Conditions, and students cannot earn credits for duplicative courses (e.g. ASTR 1 & ASTR 2, which are considered the same course—with and without a lab component. Such information is indicated on CUNYfirst under each course description.). Also note that courses are taught with and without Writing Intensive Units (“W’s”). Be sure to pick the proper section to meet your individual requirement needs. If you are unsure as to your course choices, please review with an academic advisor. **What is a "W" Course?**

Courses are designated W ("Writing Intensive") by the Academic Senate on the recommendation of the Undergraduate Curriculum Committee (UCC) and its Writing Intensive Subcommittee (WISC). To be considered for the W designation, a course must meet the following four criteria:

1. 10-15 pages of evaluated writing in three or more assignments (either separate papers or one term paper done in stages) so that students have the opportunity to develop and improve.
2. Some attention to writing in class in one or more of the following possible forms: discussion of papers before they are written and after they are returned; reading aloud of successful papers or models; discussion of the rhetorical strategies or writer qualities of course readings; the use of informal, ungraded writing to stimulate class discussion; peer editing: opportunities for students to give each other feedback on first drafts; discussion of goals for student writing and evaluation criteria.
3. Exams [if given] that include essay questions.
4. Maximum class-size of 30 students.

**How will I recognize W courses?**

1. Courses that have a number + a "W" (eg. AFST 234W = the Writing Intensive version of "Black Women Writers.")
2. Writing tutorials that are linked to content area courses; for example, 151 Great Works of English Literature co-linked with English 134W, which is a Writing Tutorial. Student would need to register for and take both together.

**Why should I take W courses?**

- W courses are required.
- In order to be eligible for graduation, all students must fulfill the College’s writing requirement. To fulfill the writing requirement, all students who entered the college between Fall 1997 and Spring 2013 semester must accrue 3 W units, and all matriculants as of Fall 2013 semester must accrue 2 W units. Students may be able to transfer up to two “W” units from their previous institution/s; however, one (1) W unit must be completed in residency at Queens College for ALL students (freshmen and transfers) regardless of matriculation date.
- Writing about a subject area helps you learn.
- Writing forces you to think more deeply about a certain topic. When you write, you organize your ideas. And by writing not only do you articulate what you understand about the topic but you are also able to discover the gaps in your knowledge. Good writing skills help you succeed in any profession.
- Poor writing is among the most criticized skill gaps by employers.
- Whatever your career goal - accountant, technician, engineer, lawyer, police officer - you can be sure that it will involve writing. In fact, most employers ask for a writing sample as part of the interview process.

> Believe it or not, writing can be fun! For many, writing is relaxing and entertaining. Honing your skills in a W course can advance your writing in many creative venues: email, journal, poetry, novels, memoir, personal website, etc.

Welcome back, students!

We hope your Fall semester is going well. We’re taking this opportunity to announce new services available to you digitally from the QC Hub. These services are designed to save you time and provide what you need online. The following are live and available to all students:

**QC NAVIGATE**
The QC Navigate student success platform allows students to set up appointments with Financial Aid and Registrar staff. From your mobile device, select “Make an Appointment” and choose the Financial Aid & Student Records care unit. From there, you can choose the service you’re looking for and make an appointment with available staff. If you don’t have the QC Navigate app, you can download it here: [https://www.qc.cuny.edu/navigate/](https://www.qc.cuny.edu/navigate/)

**FRESH SERVICE HELPDESK**
The Fresh Service Helpdesk allows students to submit tickets, see who is assigned to their request, follow their progress, and learn the anticipated time of completion. No more having to wait on an email response; Fresh Service allows you to track your inquiry at every step. You can submit a ticket at [http://support.qc.cuny.edu](http://support.qc.cuny.edu).

**STUDENT FORMS**
Were you selected to verify your FAFSA documents? The new Student Forms feature for Financial Aid allows you to upload FAFSA documents electronically! The Student Forms service is located in your CUNYFirst Student Center account. In your To Do List section, click on “Verify My FAFSA” and follow the steps for creating your account. For more information and how-to instruction, please visit [https://www.cuny.edu/financial-aid/student-forms/](https://www.cuny.edu/financial-aid/student-forms/).

We wish you the best for the rest of the Fall semester. Remember, you can connect with us via [https://support.qc.cuny.edu](https://support.qc.cuny.edu) and save yourself a trip to the Dining Hall.
Your success is important to us. Here are some resources available to facilitate and support your learning experiences at QC. For more information, please click on the entries below to access their websites.

CUNY students! Did you know?
You can search for classes that will
save you money on textbook costs!

Find course sections with
“ZERO Textbook Cost” ($0 textbooks) or “Low Textbook Cost” ($25 or less)
in CUNYfirst and Schedule Builder

Search for classes from the Student Center in CUNYfirst and use the Course Attribute drop-down menu. Scroll to select “ZERO Textbook Cost” or “Low Textbook Cost”

OR,

Use Schedule Builder’s Advanced Search tool and Course Attribute menu to search for ZERO and Low Textbook Cost sections
