Admission to the Major

- Students who wish to become Nutrition and Dietetics majors must first apply and be accepted into Queens College. ([Application to Queens College](#))
- All students must be both admitted into Queens College and the Nutrition and Dietetics major before being registered into any courses required for the Nutrition and Dietetics program.
- Students who have completed a Bachelor's degree in a *nutrition related field* at an international university must complete a course-by-course evaluation of their foreign transcript by an approved Academy of Nutrition and Dietetics (AND) agency. This will be the only international transcript accepted by the Nutrition and Dietetics program for review. To view an extensive list of approved agencies go to the AND website [ACEND Degree Evaluation Agencies](#)

Advisement, Orientation and Registering for Courses

Once you have been accepted to Queens College and the Nutrition and Dietetics Program, you can set up an advisement meeting. You will then receive an email stating when you are to attend an Orientation meeting. At the advisement meeting, your transfer credits will be reviewed, you will be registered into courses and an individual program schedule created. At orientation, you will also be oriented to the program and department policies, and individual questions answered.

Application Packet

1. Already be accepted as a Queens College student.
 2. Attach transcripts (official or unofficial) from all colleges attended.
- Your application will not be processed without meeting these 2 requirements.**
(Note that a program GPA of at least 3.0 and all grades at C or better are required for completion of the major, and a program GPA of at least 3.2 for the DPD verification statement.)

If accepted, you will be required to attend an Orientation meeting.

Your application packet must be e-mailed, hand-delivered, or sent by US mail to:
