

Application for Admission
Major in Communication Sciences & Disorders (CMSCI-BA)
Department of Linguistics and Communication Disorders

To apply, applicants must have a cumulative GPA of **at least** 3.0, and have completed **24 credits** from a *regionally accredited* college or university.

The Communication Sciences and Disorders (CSD) program is able to admit a specified number of new undergraduate majors each admission cycle. We may have more applicants that we can accommodate in a given admission cycle. Consequently, admission to the undergraduate major in CSD is competitive. Not all students with a GPA of 3.0 who qualify and apply to the major for a given admission cycle may be admitted to the major.
