

CUNY QC Research Updates

February 5, 2020

- [Updates on Grant Proposal Submission](#)
- [Grantsmanship Workshop](#)
- [Coverage for IRB](#)
- [QC Institutional Information Document](#)

Updates on Grant Proposal Submission

In our efforts to provide the best support for your grant proposal submissions, we would like to hear your proposal submission plan as early as possible through our newly created webform below. This will allow us to plan ahead to work with you. Please inform us your submission plan at your earliest convenience.

[Intent to Submit a Proposal](#) (This form is accessible at our Res Website at <https://sites.google.com/qc.cuny.edu/research/webforms?authuser=0>)

We would also like to take this opportunity to remind you two issues on proposal submissions.

1. All grant proposals and contracts must be reviewed by the Office of Research and Sponsored Programs (ORSP), and approved by the Chair/Dean/Associate Provost for Research, before submission. Please keep in mind that all submissions are on behalf of the Queens College. The University is the legal fiscal agent authorized to apply for, accept, and administer funds from private and public sponsors. Therefore, please work with ORSP on those submissions. Most grant applications can only be submitted into electronic systems by ORSP. In the case of a few private foundations or corporates, even if the individual can submit into their application systems, ORSP still needs to review the application before submission unless the award is to be made to an individual (such as a fellowship). In all cases, ORSP can assist you in determining whether submitting as an individual is an option. Therefore, it is always best to inform ORSP on your submission plan.
2. Review of a proposal submission by ORSP requires at least a five business day lead time before deadline, and longer with additional involvements such as cost-sharing or multi-institution submission. Such internal deadlines are common practices at other universities, some with much longer deadlines. Therefore, please plan ahead to allow ample time to work with our team.

Please let us know if any questions or comments. Thank you.

From Poline Papoulis and YR, on behalf of ORSP

Grantsmanship Workshop

Roundtable Conversation on Training Grants

Speakers: Drs. Stephen Farenga (SEYS), Eva Fernandez (Provost's Office), Allan Ludman (SEES), Jose Sanchez (GSLIS);

Date /Times: Tuesday, Feb, 25, 2020, 12 - 2pm.

Location: The Summit Flex Space)

Sign up at [Sign Up](#)

Description. There are many funding programs that support efforts in enhancing educational experiences of our students. Queens College is uniquely positioned for such opportunities because of our diverse student population. This event will focus on training opportunities in STEM education. We will hear from several colleagues who have received such training grants sharing their experiences. We will also discuss new opportunities in training grants that can be explored by us.

Coverage for IRB

As indicated in our last Research Update on Jan 31, we have successfully recruited Mr. Michael Brown to be our new Assistant Director for Research Compliance, and he will start on Feb 17, 2020. Starting now, new HRPP protocols submitted in Ideate system will be handled by Mr. Brown. Meanwhile, if you have any urgent question on IRB before Feb 17, you can email me at yrong@qc.cuny.edu

QC Institutional Information Document

We are pleased to share with you this document, which is to provide the institutional information required for NIH SCORE submissions. Several colleagues have commented that this document could be useful for your other grant proposal submissions or professional needs. Therefore, we decide to share with you here. I would like to thank all who have helped me with this, especially John Dennehy, Eva Fernandez, Zhili Liang, Cheryl Littman, Poline Papoulis, Dan Weinstein.

You can access this document at
