# SUMMER STUDY ABROAD INDONESIA

OPEN TO ALL  
CUNY STUDENTS &  
MAJORS!

**Bali, Indonesia**  
**3 credits**

**SUBJECTS OFFERED:**  
**Music**

Of Indonesia's 17,000 tropical islands, Bali is by far the most popular with millions of visitors flocking there yearly for its idyllic beaches and lush landscapes. This faculty-led course examines the rich culture of music in this country as it relates to both religious and secular life. The best part about it is no prior musical experience is required for enrollment! In addition to learning about Balinese gamelan, students play music on traditional instruments, study privately with local masters as well as tour sacred landmarks and temples throughout the island.

**Application Deadline: End of March**
