

Fall 2023 ENSCI 99 Peer Mentor Tutoring Hours

Location: Science Building, 1st Floor, Room D-108

There are several upperclassmen who will participate in our ENSCI 99 lecture & laboratory classes, provide weekly tutoring hours, and help organize group study sessions. Have a question about class topics or need help completing a lab report or preparing for an exam? Reach out to a peer mentor for assistance. Regardless of which peer's are in your class, you can visit ANY of the peers for extra help with lecture and lab topics.
