

School of Earth and Environmental Sciences Colloquium Series

The SEES Peer Mentors

(Samiha Alam, Ian Barragan, Eli Bursztyn, George Charalambous, Michael Devore, Fabio Dos Santos, Devina Kalika, Julia Sandke, Yaacov Strickon, Adriana Zumba-M)

School of Earth and Environmental Sciences, QC

“SEES peer mentors: Increasing Engagement in Undergraduate Classrooms”

Wed., Dec. 6, 12:15-1:30PM

Science Bldg. C-207

Zoom ID: 820 5441 6677

Passcode: 895367

This semester, ten peer mentors were divided between the lecture and laboratory sections of Ensci 99, Ensci 100, and Geol 101. To increase student success and engagement in these classes, they hosted weekly office hours, held exam review sessions, lead supplemental demonstrations, delivered concept recaps, and so much more. Join us to learn more about the impact of our peer mentors and hear their personal anecdotes from this semester!
