Wednesday, May 8, 2024

12:15 PM -1:30 PM

Zoom ID: 827 8857 5939

Passcode: 321

Science Building **C-201**

The SEES Spring 24 Peer Mentors

(Emily Albines, Hannah Goykadosh, Alyse Jofre, Caleb Stewart, Yaacov Strickon, Adriana Zumba-M)
School of Earth and Environmental Sciences, QC

This semester, six peer mentors were divided between the lecture and laboratory sections of Ensci 99, Ensci 100, and Geol 101. To increase student success and engagement in these classes, they hosted weekly office hours, held exam review sessions, lead supplemental demonstrations, delivered concept re-caps, and so much more. Join us to learn more about the impact of our peer mentors and hear their personal anecdotes from this semester!
