Zoom Passcode: 672323

Wednesday, December 10,

12:15 -1:30 PM

Science Building C-207

Come eat pizza and learn about SEES Fall 2025 Peer Mentors and Advisors

(Michaela Chiu, Candace Anderson, Raquel Mendez, Kristine Mikhaylov, Clohie Clarke, Jennifer Chen, Laiba Mahmood)
School of Earth and Environmental Sciences, QC

This semester, five peer mentors supported ENSCI 99, ENSCI 100, and GEOL 101 by providing weekly office hours, facilitating exam review sessions, leading supplemental demonstrations, and offering concept recaps aimed at strengthening student engagement and success. In addition, our two departmental peer advisors developed initiatives and coordinated events to advance students' career readiness and foster a stronger sense of community. Join us at the SEES Colloquium to learn about their accomplishments, the skills they have gained, and the broader impact of our peer mentoring program.
