

What is Women and Gender Studies?

What gender are you?

This question structures our world. Learn more with the Women and Gender studies major and minor.

Women and Gender Studies is an interdisciplinary academic field that explores how gender, sexuality, race, class, disability, and other social categories shape individual experiences and social structures.

You're already interested if you...

- Question social norms
- Want to work for equity and inclusion
- Care about human rights, representation, and justice
- Believe education should reflect all voices

Combine WGS with ANY major to make it more focused: psychology, sociology, business, STEM, English, media studies, and more.

Think critically. Act locally. Change globally.

Learn how gender, race, class, sexuality, and power intersect in real-world systems. Become an advocate for equity and social justice.

WGS majors thrive in:

- Law and public policy
- Healthcare and counseling
- Education and academia
- Nonprofits and NGOs
- Media and arts
- Corporate diversity and HR
