HIGH JUMP PROGRAM

The Queens College High Jump Program enables motivated, qualified students at private high schools to take a college course during the Fall and/or Spring semester of their senior year. Upon successful completion of the course, students receive its full 3 credits.

High Jump is designed to enrich and complement the academic program at the high school. Participants can choose from a carefully selected group of courses and join Queens College students in regularly scheduled late afternoon and evening classes. Options include art, languages, music, psychology, and more! Courses in the sciences, mathematics, and foreign languages require departmental approval.

Admission Criteria

High Jump is open only to students in private high schools. Admission is selective and determined on the basis of the student’s high school transcript, New York State Regents scores, and advisor’s recommendation.
