

Brightspace 2.0 Training Outreach

This fall, the Center for Excellence in Teaching, Learning, and Leadership (CETLL) is offering a series of workshops covering advanced features in Brightspace. Sessions on each topic will be offered twice, in order to accommodate faculty schedules. The first session will take place in person on campus. The second session will be online via Zoom.

We will end the semester with "Ask Me Anything," where we encourage you to ask any questions you have about Brightspace.

Each session will start with a demonstration, followed by a hands-on period where you can work on your course.

The topics and dates are listed below. Click on a topic to register.
