Smart Guidance for Students

Mobile Platform Provides Tailored Guidance to Help Students Succeed

Guided Onboarding
A timeline of to-dos helps students navigate the transition to college with timely, customized support. Alert notifications remind students about important deadlines and overdue tasks. The experience is customized based on student SIS and intake survey data; the timeline dynamically updates based on student progress and in-app activity.

Pivotal Moments Path and Term-to-Term Tools
Post-onboarding, students can see important college milestones disaggregated into tasks and alerts to help them plan their term. Self-service tools allow students to connect with their personal success team, schedule their week, and receive customized guidance.

Program Explorer
The Program Explorer mobile tool simplifies the major selection process, allowing students to make simpler, smarter decisions early in their college experience. After capturing students’ interests and career preferences, the Program Explorer generates a customized list of best-fit programs and job recommendations.
