Master of Arts in Teaching (MAT) at Queens College
SUPPLEMENTARY FORMS (SUNY)
UNDERGRADUATE LIBERAL ARTS & SCIENCE CORE PREREQUISITES

MAT programs in the Department of Elementary and Early Childhood Education at Queens College (QC) require applicants to have satisfactorily completed undergraduate-level coursework in the liberal arts and sciences. All MAT applicants must have completed coursework that meets requirements that are or are deemed equivalent to the CUNY Pathways General Education Common Core (Required and Flexible Cores). More information on the CUNY Pathways Common Core requirements is available here: https://www.cuny.edu/about/administration/offices/undergraduate-studies/pathways/gened/.

Applicants must have received a grade of C or higher in all courses taken to satisfy MAT program prerequisites. Applicants who have not fulfilled all the course requirements should consult with a program advisor for further information.

FORM 2: UNDERGRADUATE LIBERAL ARTS & SCIENCE MAJOR/CONCENTRATION PREREQUISITES

APPLICANTS are required to have an undergraduate degree with a major/concentration of no fewer than 30 credits in one of the disciplines in liberal arts and sciences. Degrees with majors in vocationally-oriented areas, such as business administration (including but not limited to advertising, management, accounting, hospitality, and fashion merchandising), broadcasting, fashion design, or nursing do **NOT** meet this requirement.

HOWEVER, applicants with vocationally-oriented undergraduate majors may satisfy the liberal arts/sciences major requirement through an alternative method: They may complete 30 semester credits in one liberal arts/sciences field, without having officially received a degree in that field. Some business majors, for example, may have completed 30 credits in economics and broadcasting majors may have completed 30 credits in journalism. Interdisciplinary concentrations involve specific State requirements but may also satisfy this requirement; please consult with an advisor.
