PART ONE: INTRODUCTION AND BACKGROUND

This report is an annual update of the Affirmative Action Plan (AAP) for federal contractors. The U.S. Department of Labor's Office of Federal Contract Compliance Programs (OFCCP) oversees affirmative action requirements for federal contractors. This plan reflects requirements for implementing: Presidential Executive Order (EO) 11246, addressing gender and federally protected racial/ethnic groups; the Vietnam Era Veterans' Readjustment Assistance Act of 1974 (VEVRAA), as amended, for protected veterans, and Section 503 of the Rehabilitation Act of 1973, as amended, for individuals with disabilities. Some aspects of this plan also reflect state and local regulations, guidelines for public entities, CUNY trustees' resolutions, and CUNY policy.

The employee census date is June 1, 2023. The previous reporting year was June 1, 2022 – May 31, 2023. The program year for this plan is September 1, 2023 – August 31, 2024.

This plan is available for public review as described on the title page.

Overview of the College

Queens College ("Queens" or "QC") of the City University of New York ("University" or "CUNY") is located in Queens, New York on a tree-lined 80-acre campus, seven miles east of midtown Manhattan. The College was established in 1937 to offer a strong and affordable liberal arts education. In the Fall of 2022, there were total of 17,001 enrolled students, of which 14,406 were undergraduate students and 2,495 were graduate students. Of the undergraduate students, 10,494 (72.8 %) attended full-time and 4,396 (27.1%) attended part-time. Of the graduate students, 397 (15.9%) attended full-time and 2,198 (88.0%) part-time. Queens College is highly regarded for its academic quality, diversity, Equity, inclusion and affordability. It was named a top college by the Princeton Review and considered a top public regional university by U.S. News and World Report, where it ranks among the best in undergraduate teaching. The students at Queens College represent a vibrant mix of cultures; they come from over 100 countries and speak 83 languages and dialects, creating an extraordinary educational environment. Approximately 35 percent of our student are the first-generation individuals in their families to attend college. It would be easy to think of Queens College as an 80-acre city, since the campus offers all the benefits of a city—excellent cultural attractions including the only comprehensive art museum in the borough of Queens, readings by renowned writers, performing arts events, scholarly conferences, and numerous places to eat— all on a peaceful and attractive campus with a magnificent view of the Manhattan skyline. Students find the campus a comfortable and appealing place to be, with cybercafés and more than 100 clubs and sports in which they can participate. Queens College participates in NCAA Division II sports, and offers a residence hall, the Summit Apartments, an environmentally friendly building that features fully furnished two and four-bedroom suites.

Location

Queens College/CUNY is located at 65-30 Kissena Boulevard, Queens, New York 11367-1597.

Queens College offers a variety of degrees: the Bachelor of Arts in many disciplines; Bachelor of Business Administration; Bachelor of Fine Arts; Bachelor of Music; Bachelor of Science; and combined BA/MA degrees in chemistry and biochemistry, computer science, history, music, philosophy, physics, and urban

Post-baccalaureate certificate programs in Librarianship are also offered. For qualified undergraduate students, the Departments of Biology, Chemistry & Biochemistry, Computer Science, History, Philosophy, Physics, and Urban Studies, as well as the Aaron Copland School of Music, offer the opportunity to receive combined bachelor's and master's degrees.

History

Founded in 1937, Queens College enjoys a revitalized campus, and has a clear vision for the future: to offer a first-rate education to talented people of all backgrounds and financial means. QC students learn from the best, immersed in the nation's brightest city. The college enjoys a national reputation for its liberal arts and sciences and pre-professional programs. Phi Beta Kappa, the oldest and most respected undergraduate honors organization in the United States, has a chapter at Queens College, a distinction shared with only about 10% of the nation's liberal arts colleges.

Mission

The mission of Queens College is to prepare students to serve as innovative leaders in a diverse world that they make more equitable and inclusive. We do this by recognizing every student's potential and facilitating opportunities to achieve it. We guide students to determine their desired paths forward that are in service to the ways they define their community or communities. We prepare undergraduate and graduate students through rigorous academics and provide support so that students are able to complete their courses of study and find the right path after graduation. We take an aspirational yet practical approach to liberal arts and professional education: engaging students in learning, knowledge creation, and cocurricular activities that broaden their minds while giving them tangible skills to succeed in careers and life.

Queens College Values

Service and civic engagement: "We Learn So That We May Serve" is our motto. We educate all students to lead lives of service and civic engagement in their careers and communities. We seek to model that aspiration through our service as faculty members, staff, administrators, and as an organization.

Diversity, equity, and inclusion (DEI): We affirm our college and society benefit when we consistently and intentionally strive to become more diverse, equitable, and inclusive in how we think, treat each other, and function.

Well-rounded education: We want our students to be curious, resilient, and adaptable once they leave Queens College. No matter the degree program, we engage students in continued development at both the undergraduate and graduate level of core communication and analytic skills, including reading, writing, math, and logic, while advancing their understanding of theory and practice within their academic disciplines. We encourage minors and interdisciplinary double majors. We recognize that the more well-rounded the education we offer, the more career options, marketable skills, and often higher pay our students will have.

This enhances their abilities to make conditions better for their communities.

Culture of mutual support: When Student, faculty, staff, and alumni work in unison around our shared interest for the advancement of all students, everyone thrives. We value systems and tools that enable us to collectively help students succeed. Building a culture where everyone works together to guide and support one another brings obvious benefits to students. Being connected to faculty, staff, and students encourages more alumni to feel part of the QC community. Faculty and staff also gain greater support and connections by joining in a network with students and alumni who see them as champions collaborating to change lives.

Innovative leadership: We view leadership as a mindset and practice, not a status or title. We practice leadership at the college and as members of many diverse communities with which Queens College and its students, faculty, and staff identify. We believe in changing notions of who can be a leader, from a select few to everyone. We recognize practicing leadership is a unique process for each individual and celebrate everyone's version of leadership.

Connecting scholarship and creativity with the student experience: We value the many contributions our great scholars and researchers make in the world. We recognize engaging in knowledge creation efforts makes faculty better teachers. Our distinctive approach connects back to students. By emphasizing student engagement in knowledge creation—in the classroom, in the lab, and in the community—we offer students multiple benefits, from better learning outcomes to exposure to potential careers they might not otherwise experience.

Commitment to Diversity

Diversity at Queens College is the commitment to a community of equity and access to its academic and artistic promise through the acceptance of all aspects of human difference. This includes but is not limited to age, disability, race, ethnicity, gender, gender expression and identity, language heritage, national origin, sexual orientation, religion, socioeconomic status, status as a veteran and worldview. Through collaboration, creativity and inclusion, Queens College integrates various cultural and social perspectives to engender excellence in the arts and liberal arts and sciences. In the Queens College Strategic Plan 2021 - 2026, diversity not only had a dedicated working group but also was integrated into all aspects of the work. The process and the product will present a shared vision of our future. The diversity working group will be the core of planning activities, with the CDO then charged with implementation.

1. Build DEI into our campus-wide policies, processes, and interactions.
2. Make infrastructure investments that demonstrate support for DEI.
3. Become a college and graduate school of choice for more Black students, and students with disabilities.
4. Close the retention and achievement gap for BIPOC students, students with disabilities, and economically disadvantaged undergraduate and graduate students.
5. Strengthen recruitment, retention, and support of BIPOC faculty, staff, and administrators, as well as faculty, staff, and administrators with disabilities.

ORGANIZATION CHART

Appendix A displays an organization chart.

Policies

As a unit of The City University of New York (CUNY), we adhere to federal, state, and city laws and regulations on non-discrimination and affirmative action, including: Executive Order 11246, as amended, Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Section 402 of the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended, the Equal Pay Act of 1963, the Age Discrimination in Employment Act of 1967, as amended, the Age Discrimination Act of 1975, New York State Human Rights Law and New York City Human Rights Law.

Protected groups identified in Executive Order 11246 are American Indian or Alaska Native, Asian, Black or African American, Hispanic or Latino, Native Hawaiian or Other Pacific Islander, Two or More Races, and Women. CUNY's Chancellor designated Italian Americans as a protected group in 1976 and we produce a separate plan for Italian Americans.

The President issues a reaffirmation of the college's commitment to our policies annually (Appendix B).

CUNY posts its policies on non-discrimination, sexual misconduct, and affirmative action on its website. Appendix C provides the text of the major policies.

Responsibilities

The entire community participates in promoting diversity and inclusion. Additionally, we have assigned certain specific responsibilities.

The President

The President, Frank H. Wu, oversees affirmative action and diversity programs to assure compliance with federal, state, and city laws, rules and regulations and university policies. The President designates personnel to manage affirmative action, compliance and diversity programs. Personnel include the Chief Diversity Officer (CDO), 504/Americans with Disabilities Act (ADA) Coordinator and Title IX Coordinator. The President ensures they have authority, staffing, and other resources to fulfill their assigned responsibilities. The President communicates commitment to equal employment opportunity, including an annual reaffirmation, and issues required reports, including this affirmative action plan. Appendix B contains the annual reaffirmation letter issued by the President.

Chief Diversity Officer

The President has designated Jerima DeWese as Chief Diversity Officer and Dean of Diversity (CDO) and Responsible Official who:

- Provides confidential consultation for, investigates, and resolves discrimination/harassment complaints
- Distributes new and revised policies and notices, integrating them into training programs, search committee orientations, websites, and other communications
- Evaluates affirmative action programs and initiatives
- Prepares and communicates affirmative action plan reports
- Consults with hiring teams and managers on recruitment and selection, overseeing recruitment plans and effective recruitment/selection strategies
- Participates in CUNY initiatives promoting diversity and inclusion.

The Chief Diversity Officer (or designee) completed the OFCCP's on-line certification of compliance with affirmative action program requirements prior to June 30, 2023.

College Officials

Executives, department chairpersons, managers, and supervisors are critical partners in equal employment and affirmative action programs. They help ensure compliance with regulations and policies, foster an inclusive environment, and help develop and implement affirmative action programs.

Committee(s) on Diversity and Inclusion

A standing committee advises the President on diversity and affirmative action, reviews the impact of policies on the governance plan, develops and implements strategic diversity plans, and promotes programs to reflect pluralistic values and goals.

University Management

CUNY's University Office of Recruitment and Diversity (ORD) within the University Human Resources unit establishes job groups and report parameters, and reports summary statistics. ORD sponsors university-wide diversity programs described in this plan and maintains systems for data collection (including self-identification) and job postings.

PART TWO: DATA AND ANALYSIS

Collecting Employee Data

In early July 2023, we extracted data on full-time employees active as of June 1, 2023 from CUNY's system of record, CUNYfirst. We include personnel on most paid leaves, including medical leave and fellowship/sabbatical leave. We do not include personnel on terminal leaves such as retirement leave, student workers (including Graduate Assistants) or people employed separately by CUNY's Research Foundation.

We invite employees to self-identify gender, race/ethnicity, veteran status, and disability status. Employees may update selections at any time on an Employee Self-Service portal. We also invite job applicants to self-identify on the job application portal.

Of 2776 (both full-time and part-time) employees, 11 employees did not identify a gender and 17 employees did not identify a valid race/ethnicity category. Anyone who did not specify a gender and/or ethnicity is included in the Workforce Analysis but not assigned to a protected group. 53 employees did not identify a veteran status and 2182 did not identify a disability status.

Self-Identification Categories

We use the following categories to evaluate representation by race/ethnicity for the federal affirmative action plan:

- Total Minorities (all groups other than White, reported as a single category)
- Asian (consolidates Asian, Hawaiian, and Other Pacific Islander)
- Black/African American
- Hispanic/Latino
- White (not a protected group).

We record a person identifying as both Hispanic/Latino and some another group as Hispanic/Latino, and not as Two or More Races. American Indian/Alaska Native and Two or More Races are included under Total Minorities but not separately reported.

Consistent with long-standing agreements, we ask employees to self-identify Italian American status, and create a separate Italian American affirmative action plan. We also invite employees to optionally provide data on their ancestries from a list of approximately sixty categories.

CUNY provides for six categories of gender identification, but we must use federally-mandated categories for purposes of this plan ("male" and "female"). Currently, only persons specifically identifying as "female" are included in the federally-protected gender category.

The federal government is in the process of preparing new standards for self-identification expected to impact future Affirmative Action plans.

Analyzing Data

We analyze workforce data as mandated to promote a complete assessment, covering:

- Workforce Analysis (Evaluating employment within organizational units/departments)
- Job Group Analysis (Analysis of job groups and academic disciplines)

- Utilization Analysis (Comparisons with labor market availability measures)
- Transaction Analysis (Reviews of Personnel Actions, Recruitment and Hiring, and Compensation).

We rely on methods provided by the US Department of Labor's Office of Contract Compliance Programs (OFCCP), in particular, the *Educational Institutions Technical Assistance Guide (2019)*.

Workforce Analysis

Workforce Analysis is a review of employees' organizational placement (i.e., by their assigned division and department). We review the data organized by job title in order of rank or salary grade.

Due to length, Workforce Analysis charts are not included here. The next two charts summarize the composition of the workforce by job group and by tenure status (for faculty).

A summary of the full-time workforce demographics over a 3-year periods for Female and Total Minorities (Asian/Hawaiian/Other Pacific Islander; Black/African American; Hispanic/Latino; American India/Alaska Native and Two More Races) as follows:

	<u>2020 – 2021</u>	<u>2021 – 2022</u>	<u>2022-2023</u>
<u>FEMALE</u>	622 out of total 1,194 (52.1%)	617 out of total 1,176 (52.4%)	630 out of total 1,221 (51.6%)
<u>TOTAL MINORITY</u>	580 out of total 1,194 (48.5%)	572 out of total 1,176 (48.6%)	600 out of total 1,221 (49.1%)

As of June 1, 2023, in workforce census of the 1,221 full-time employees:

- 630 (51.5%) identified as female and
- 600 (49.1%) identified as total minority

Full-time female representation has slightly decreased by 0.8% from 52.4% in 2021 – 2022 to 51.6% in 2022 - 2023.

Total minority representation increased by 0.5% from 48.6 % in 2021 – 2022 to 49.1% in 2022 – 2023.

A summary of the all the full-time faculty workforce demographics over a 3-year periods for Female and Total Minorities (Asian/Hawaiian/Other Pacific Islander; Black/African American; Hispanic/Latino; American India/Alaska Native and Two More Races) as follows:

	<u>2020 - 2021</u>	<u>2021 - 2022</u>	<u>2022 - 2023</u>
<u>FEMALE</u>	263 out of total 549 (47.9%)	267 out of total 553 (48.2%)	274 out of total 579 (47.3%)
<u>TOTAL MINORITY</u>	179 out of total 549 (32.6%)	180 out of total 553 (32.5%)	192 out of total 579 (33.1%)

As of June 1, 2023, in workforce census of the 579 full-time Faculties (Instructor, Lecturer, Librarian, Professoriate):

- 274(47.3%) identified as female and
- 192(33.1%) identify as total minority

Full time female faculty representation slightly decreased 0.9% from 48.2% in 2021 - 2022 to 47.3% in 2022-2023.

Total minority faculty representation increased 0.6% from 32.5% in 2021-2022 to 33.1% in the 2022-2023.

During this Affirmative Action Plan (AAP) period, the college encountered budget constraints, resulting in a paused or frozen on all hiring activities. Vacant positions remained unfilled, and the responsibility to these positions were redistributed among existing employees. This cost-saving measure had a noticeable impact on workforce demographics. The college recognizes the importance of workforce diversity and will prioritize recruitment efforts in areas of underutilization of both females and total minorities. Identifying job groups lacking current representation of total minorities and females. Targeted measures will be implemented to address these disparities. These actions are aligned with the college's goal of promoting diversity and inclusivity within the college's workforce.

Job Group Analysis

Job Group Analysis is a review by job function, evaluating employee data according to groups of jobs with similar duties and qualifications. A major input is the federal Standard Occupational Classification (SOC) coding system. Job Groups are organized into categories based on the federal EEO-1 coding system.

CUNY also reviews faculty by academic discipline. CUNY assigns most faculty departments to disciplines as per the US Department of Education's Classification of Instructional Programs (CIP). CUNY analyzes data about College Laboratory Technicians by assigning departments to one of two categories: Scientific/Engineering/Technical or a General (non-scientific) category.

The Utilization Analysis (see next section) provides detail on job groups and academic disciplines.

Utilization Analysis

We compare CUNY's workforce with an estimate of the general labor market by job group. We evaluate utilization for females, major federal ethnicity categories (Asian, Black/African American, and Hispanic/Latino and Total Minorities (adding American Indian/Alaska Native and Two or More Races)).

Labor Market Source Data

Labor Market Availability is an estimate used to benchmark staffing of persons in protected groups by job group. It represents the proportion of each group available for employment in the labor market for jobs CUNY fills. This information is based upon an external labor market in a reasonable geographic area, and an internal labor market of personnel at CUNY eligible to be advanced into certain jobs.

- For external candidates except some faculty, we utilized the US Census American Community Survey (ACS), 5-year estimate, 2017-2021 (final), extracted from University of Minnesota's Integrated Public User Microdata Sample (IPUMS). Data is extracted based on a combination of geography, labor force participation, occupation, and educational attainment, depending on job group.
- For internal candidates, we utilized lists of CUNY-wide appointments over the 2017-2022 time period and consulted with CUNY's Director of Civil Service Operations. Internal demographics are based on the last plan census date (June 1, 2022).
- For faculty discipline-based estimates, we utilized the US Department of Education's National Center for Education Statistics' Integrated Post-Secondary Education Data System (IPEDS) completion data, 2020-2021 (final). We use the Classification of Instructional Programs (CIP) to identify disciplines.

It is not possible to determine a highly exact estimate of the labor market for a given job group. For one thing, all calculations are based on historical data. It is important to consider both the calculations and the resulting findings to be general indicators.

We calculate underutilization for groups with a minimum of five incumbents, with the caveat that analyzing groups of less than 30 employees may generate less reliable results.

The President's position reports outside of our establishment and is not included in any job group.

We report underutilization where the percent of personnel belonging to a protected group is less than 80%

below the labor market estimate, and the difference is equal to at least one full-time equivalent employee. The following illustration may help explain this calculation:

Illustration: Utilization and Underutilization

If a job group has 10 personnel and 50% of the available Labor Market is female, we expect 50% of personnel in that job group to be female.

In our example, there are 3 females in the job group (less than 4). Therefore, females are underutilized as compared with the Labor Market.

Underutilization is based on females represented at 80% of the job group or more; in this case, four or more.

Appendix D details utilization/underutilization in each category (job group and/or academic discipline). Where there is underutilization, we prioritize that job group for setting placement goals and conducting outreach when there are hiring or advancement opportunities.

Year-to-year variations in underutilization arise from a combination of changes in availability, hires, advancements, and separations. It is usually not possible to pinpoint a single, direct cause of most changes, particularly in the smaller job groups.

The following pages summarize staffing and underutilization for each job group.

Table 3: Summary of Underutilization and Goals

This is a summary of underutilization of protected groups for staff Job Group and EEO Category. We report Job Groups only in the years each has five or more incumbents.

This summary reports underutilization as follows:

2020 - 2021 Plan (as of 6/1/2020)

2021 - 2022 Plan (as of 6/1/2021)

2022 - 2023 Plan (as of 6/1/2022)

2023 - 2024 Plan (this plan, as of 6/1/2023)

In 2023, we updated Labor Market Availability estimates for the 2023 Plan Year, which could impact results. See the Narrative for details.

When underutilization does not change year-to-year, the most common reason is that there has not been an opportunity to hire or promote into that particular group.

Utilization, Underutilization, and Placement Goals

Queens College continues to excel in maintain a diverse and multicultural workforce through successful employment, promotion, and retention efforts. Female and total minorities remain predominant among the College's total employees. As of the 2022 – 2023 Reporting Year (June 1, 2022 – May 31, 2023), the College employed a total of 1,221 full-time employees, including faculty and staff. Out of this number, 630 (51.6%) were female, and 600 (49.1%) were total minorities.

we analyze the factors contributing to utilization and underutilization within our workforce, with a particularly focus on turnover, hiring opportunities, and the impact of outreach programs. Additionally, we review areas where underutilization has been reduced or eliminated and highlight areas of progress, even if complete elimination of underutilization has not been achieved.

The affirmative action plan necessitates active recruitment efforts aimed at aligning our hiring practices with the proportional representation of female and total minorities in the labor market.

Outreach initiatives form an integral part of our recruitment process, strategically designed to attract a diverse pool of highly qualified candidates while eliminating any impediments that may hinder equal employment opportunities. We are dedicated to cultivating a more diverse academic community and actively encourage individuals with disabilities, veterans, total minorities, and female to apply for a broad spectrum of positions.

Several factors can impact underutilization, including, but not limited to,

- Limit hiring opportunities
- Examination and civil service pools
- Budget constraints
- The ramifications of COVID -19
- Structural adjustments to job titles or departments
- Employee resignations and retirements

We maintain continuous vigilance over these factors, as they may contribute to either underutilization or fluctuations in underutilization, whether positive or negative

In reviewing the results of this year's underutilization analysis (2023) as compared with last year's analysis (2022), the following differences were observed:

Transaction-Based Analyses

Personnel Activity

We review personnel actions for adverse impact. This means that we compare rates of hiring, promotion and termination of employees by gender and ethnicity and note material differences. We review activity for all job groups and report the results here for groups with a material number of actions and/or applicants.

Appendix E summarizes job actions, including tenure, by Gender and Ethnicity.

Given system limitations, we produce an estimate of net changes by job group. We compare employee title changes between two reference dates (June 1, 2022 and June 1, 2023). This method produces a reasonable estimate but may leave out some actions, such as an employee changing job groups more than once over the year. We note hires, moves to a higher or lower job group, moves within a job group, and separations. Employees who change job groups and/or transfer between CUNY units are reported as separated from the first job and appointed to the second job. Federal guidelines state adverse selection may occur when any one group (protected or not) has a rate of hire, advancement or separation less than 80% of the rate of the most-selected group.

Tenure is a permanent status granted to professorial faculty and College Laboratory Technicians. Lecturers are eligible for a similar status, Certificate of Continuous Employment (CCE). Lecturers and College Laboratory Technicians are eligible after meeting service requirements. For professorial faculty, there are extensive reviews resulting in tenure recommendations to the President.

Additionally, Ten (10) College Faculty were either appointed or continued in the rank of Distinguished Professor, an award of merit recognizing extraordinary academic achievement. Three (3) Distinguished Professors are female and Five (5) Distinguished Professors are members of protected ethnicities.

Recruiting Activity

CUNY is committed to equitable practices to recruit a diverse and highly qualified workforce. The Chief Diversity Officer reviews applicant data and recruiting outcomes to determine if there is a need to adjust recruiting and outreach plans.

Prior to posting a job vacancy, the Chief Diversity Officer reviews the physical and mental qualifications and the posting language in general. They also review recruiting plans for intended outreach. We post open positions on our Careers page, <https://cuny.jobs> and open Civil Service examinations on the CUNY Civil Service web page, <https://www.cuny.edu/about/administration/offices/hr/classified-civil-service/notice-of->

We invite candidates to voluntarily self-identify gender, race/ethnicity, disability status, and veteran status.

We conduct most faculty and administrative hiring by appointing a diverse Search Committee for initial screening. The Chief Diversity Officer provides an orientation, or “charge”, to committee members on effective selection practices, including practices aimed at reducing potential for bias. The Chief Diversity Officer reviews applicant pools for sufficient representation and certifies pools prior to committee review, and reviews selections again as searches near completion. Committees refer finalist candidates to the hiring manager(s) for a final selection.

Appendix F summarizes recruiting and selection by job group for searches concluded with a job offer between June 1, 2022 and May 31, 2023.

As per federal guidelines, an “applicant” is someone who applies to a specific opening, has the minimum qualifications, is considered, and does not withdraw. We analyze applicant pools and selection rates for interviews, offers, and hires.

We report all searches resulting in an offer during the previous plan year. For some searches, there is a time gap between offer and start dates. To avoid a lag in reporting, we include searches based on date of accepted job offer, even if the employee has not started work by June 1. This explains differences between the total hires in personal activity reports and completed searches in recruitment reports.

Total applicants:

There were 1,943 applicants for 40 job searches conducted in Queens College for staff and faculty. Of the 1,943 applicants, 1,049 applicants were Females; 1,309 were Total Minorities; 470 were Asian; 386 were Black/African American; 406 were Hispanic/Latino and 47 were Other include 2 or more.

Over the course of the year, the college made Six (6) exceptions to the search process, known as a search waiver. The waiver process involves a review by the Chief Diversity Officer and a second review at CUNY's System Office. A waiver may be granted in situations where it is highly unlikely we could fill the position competitively (such as unique qualification requirements). We also grant waivers for positions representing a transfer of funding sources.

Of Six (6) total waivers, four (4) were awarded to females and five (5) were awarded to members of protected ethnicities. One (1) waivers represented initial hires. Two (2) waivers represented advancements of current personnel. Three (3) waivers represented transfers of funding and other reasons.

Civil Service Hiring

We participated in three (3) university-wide hiring pools for Classified Civil Service vacancies. Applicants who are pre-qualified based on an examination score indicate their interest in working at one or more units, and each establishment interviews and hires according to Civil Service regulations. We report applicants expressing an interest in our unit at the hiring pools. CUNY's Office of Human Resources Management administers and validates Civil Service examinations and maintains records of applicants and exam scores.

Compensation

We develop pay schedules according to bargaining unit contracts, Civil Service regulations, New York City Section 220 Prevailing Wage determinations, and university policies. Plans include the Executive Compensation Plan (ECP), Faculty and Non-Teaching Instructional Staff Pay Plan, Classified Civil Service Plans for Managerial and Non-Managerial Personnel, and Prevailing Wage schedules for Skilled Trades. CUNY's Trustees review and approve all pay plans.

The Chief Diversity Officer reviews overall practices such as:

- Setting of Starting Salaries
- Performance-Based Pay
- Pay Increases Upon Promotion
- Tracking of Compensation Decisions
- Document Retention
- Assignment of Overtime/Additional Assignments.

The Chief Diversity Officer/Dean of Diversity (CDO) and Human Resources Director discussed compensation best practices and areas of risk with management.

Periodically and consistently, during the affirmative action plan period, the Chief Diversity Officer/Dean of Diversity reviews various topics regarding compensation with members of the President Cabinet.

To ensure compliance with affirmative action regulations the CDO serves a member on the College's Budget Review Committee and HEO Screening Committee to review and monitor compensation models, hiring, transfer and promotion requests. The CDO also attends and makes presentations at the College's P&B committee meetings. Furthermore, as a cabinet member, the CDO meets regularly with the fellow cabinet members in both group and 1:1 setting.

Ongoing Activities

Queens College continues to make efforts to expand recruitment and outreach efforts to create a diverse and inclusive campus community. The Office of Compliance and Diversity implemented the Search Committee Diversification policy to ensure compliance with all applicable Affirmative Action laws and CUNY search and recruitment policies. The policy requires that all search committees are diverse, inclusive and interdisciplinary. Odd numbered search committees should consist of members of the community in all job categories that are outside of the hiring department or office that would typically interface with the advertised position being recruited.

The Office of Compliance and Diversity, in collaboration with the Office of Human Resources, has recommended that search committee post positions with diversity-focused professional organizations and inclusive periodicals, as well as on prominent job search engines. These platforms include, but are not limited to:

- Chronicle of Higher Education
- Diverse jobs
- Indeed
- Idealist
- Latinos in Higher Education

- Blacks in Higher Education
- Asians in Higher Education
- Direct Employers Diversity
- ACCES-VR (Assist individuals with disabilities)
- Veteran Readiness & Employment

The utilization of these channels is aimed at ensuring that faculty and staff job openings are widely distributed to attract a diverse applicant pool.

Prior to the posting of job vacancy notices (JVNs), the office of Compliance and Diversity reviews the JVN to ensure they align with CUNY's policies on equal opportunity.

Furthermore, the Chief Diversity Officers makes the Affirmative Action Plan available for public review and reference. Additionally, we posted and distributed notices of non-discrimination policies, change in regulations, and compliance information. This ensures transparency and accessibility to important information related to diversity compliance within the organization.

The Office of Compliance and Diversity provided both in-person and online training on the CUNY Policy on Sexual Misconduct and CUNY Policy on Equal Opportunity and Non-Discrimination: for Athletics Leadership, Coaches, Athletics Staff, Student Athletes and Queens College staff.

CUNY's University Human Resources office lists job vacancies with State Workforce Agencies and veterans' centers and maintains consolidated advertising programs, including job boards serving veterans, individuals with disabilities, women, and protected minorities. The office maintains accounts for university-wide job posting and outreach, including the Higher Education Recruitment Consortium. It also provides training to Chief Diversity Officers and campus Human Resources personnel.

CUNY has a mandatory on-line training program for faculty and staff on sexual harassment prevention and workplace violence prevention; we regularly review training records and follow-up with non-participants.

Internal Audit and Reporting

The Chief Diversity Officer posts and distributes notices of policies, new/revised regulations, and similar compliance information, and makes this plan available for public inspection. The CDO integrates compliance information into faculty, student and staff training programs.

The Chief Diversity Officer's responsibilities for audits and reviews include:

- Monitoring personnel actions, including new hires, transfers, promotions, and terminations
- Monitoring employee self-identification programs
- Reviewing recruiting outreach and advertising
- Monitoring complaints/incident reports for underlying trends
- Reviewing personnel practices and the affirmative action programs with management
- Advising management of program effectiveness and providing recommendations for improvement.
- Working with Human Resources staff to assure employment records are complete, accurate, and current
- Completing the annual Affirmative Action certification in the US Department of Labor Contractor Portal.

Chief Diversity Officers have responsibility for communicating elements of the Plan and reviewing progress.

CUNY recently implemented an on-line discrimination complaint tracking and reporting system.

CUNY regularly reports results externally and/or responds to audit requests from:

- New York State Department of Labor
- New York City Department of Education
- New York City Equal Employment Practices Commission.

CUNY also answers to the CUNY Board of Trustees, particularly its Subcommittee on Diversity, Inclusion and MWBE.

PART FOUR: INDIVIDUALS WITH DISABILITIES AND PROTECTED VETERANS

Federal regulations mandate written affirmative action plans to address hiring and advancement of individuals with disabilities and veterans. This section covers:

- Equal Opportunity and Non-Discrimination Policy
- Review of Personnel Processes
- Review of Physical and Mental Qualifications
- Reasonable Accommodations
- Harassment Prevention Procedures
- External Policy Dissemination
- Outreach and Positive Recruiting
- Internal Policy Dissemination
- Implementation Responsibility
- Training
- Audit and Reporting System
- Benchmark Comparisons.

Equal Opportunity and Non-Discrimination Policy

CUNY's Equal Opportunity and Non-Discrimination Policy is provided in **Appendix C**.

Review of Personnel Practices

We seek to ensure personnel processes support equal employment opportunity for employees and applicants who are individuals with disabilities and/or protected veterans. We periodically review practices for potential barriers to employment, training, and promotion.

Personnel practices do not stereotype individuals with disabilities or protected veterans or otherwise limit access to employment. We include individuals with disabilities and veterans in media such as college publications and websites.

We invite employees to self-identify through an online self-service system. We invite applicants to self-identify through CUNY's online applicant tracking system. CUNY maintains appropriate security measures for confidentiality of personal data. The College last conducted a canvas for self-identification on 2018.

Review of Physical and Mental Qualifications

We ensure physical and mental qualifications are job-related and consistent with business necessity and safety. We periodically review physical and mental qualifications as they relate to employment, training, and promotion. As a routine practice, the Chief Diversity Officer reviews position requirements before listing a job vacancy. They review any new job qualifications or conditions to ensure they would not screen out qualified individuals with disabilities or protected veterans.

CUNY's Civil Service unit reviews job requirements prior to issuing new or revised Civil Service job

descriptions. CUNY also provides a checklist for planning a recruiting effort with a sign-off on job requirements.

Reasonable Accommodations

We provide reasonable accommodations to individuals with disabilities (including disabled veterans). According to our Policy on Implementing Reasonable Accommodation and Academic Adjustments, CUNY Human Resources Directors are responsible for responding to accommodation requests by applicants, employees, contractors, visitors, and others.

Employee requests for reasonable accommodations are received and processed by:

Phone: (718) 997-4455
Email: Lee.Kelly@qc.cuny.edu

Student requests for reasonable accommodations are received and processed by:

Name: Dr. Mirian Detres-Hickey
Title: Director of Special Services
Location: Special Services for Students with Disabilities - Frese Hall - Room 111A
Phone: (718) 997-5870
Email: Mirian.detreshickey@qc.cuny.edu

Student and Employees who believe that they have been denied a reasonable accommodation or who are dissatisfied with a decision may appeal to the Campus ADA Coordinator:

Name: Jerima DeWese
Title: Chief Diversity Officer & Dean of Diversity
Location: Office of Compliance and Diversity - Kiely Hall - Room 134
Phone: (718) 997-5888

We have posted the Procedures for Implementing Reasonable Accommodation and Academic Adjustments online at:

<https://www.cuny.edu/about/administration/offices/legal-affairs/policies-resources/>

Information for applicants for employment is provided on the Employment Page of the CUNY Website and Office Of Human Resources. There is also a link at the bottom of each job posting on <https://cuny.jobs> directing the candidate to our accessibility page. Applicants may also contact the Office of Recruitment and Diversity at jobs@cuny.edu.

We provide reasonable accommodations based on: disability; pregnancy, childbirth, or medical condition related to pregnancy or childbirth; religious practice; and status as a victim of domestic violence, sex offense or stalking.

Recognizing requests may be resolved through dialogue, this year we documented one hundred and fourteen (114) employee accommodation requests, successfully concluded one hundred and fourteen (114) times and appealed zero (0) times. At this time there are no outstanding appeals. We responded to zero (0) job

applicant accommodation requests, provided zero (0) times.

We also upgraded campus facilities to improve access in:

In the 2022 – 2023 Academic Year, Queens College upgraded campus facilities and technology to improve access in the following ways:

The 504/ADA Coordinator reviews personnel practices to ensure access and non-discrimination for individuals with disabilities. The Chief Diversity Officer reviews practices for veterans.

External Policy Dissemination

Each job vacancy announcement includes a summary of CUNY's policy. As noted above, CUNY posts its Non-Discrimination Policy on its employment website. CUNY's Office of Labor Relations provides an annual notice of our policies to labor unions. Our establishment (or the university, as appropriate) sends written notice of the affirmative action policies to subcontractors, vendors, and suppliers, requesting compliance.

Benchmark Comparisons

Staffing

Appendix G provides counts individuals with disabilities by job group. The US Department of Labor suggests a benchmark of 7.0% for each job group. There is no requirement to calculate underutilization or set placement goals.

CUNY reports veteran representation annually through the federal VETS-4212 report.

Hiring Rates

The Exhibit on the following page illustrates hiring rates for veterans and individuals with disabilities as compared with previous plan years. The format is presented as prescribed by the US Department of Labor.

In March 2023, the federal government set the benchmark Hiring Rate for veterans at 5.4%, representing the prevalence of veterans in the United States workforce.

There is no federal hiring rate benchmark for individuals with disabilities.

The hiring rate for veterans in 2022 – 2023 is fell below the federal benchmark of 5.4%. Queens College is committed to further enhancing the hiring rate for veterans to meet the federal benchmark.

As there is no federal benchmark for individuals with disabilities, our organization takes pride in achieving a hiring rate of 9.8% for individuals with disabilities in 2022 – 2023. This demonstrates our strong commitment to diversity and inclusion in our hiring practices.

Queens College will continue its efforts to meet the federal benchmark for hiring veterans and further enhance our inclusive hiring for individuals with disabilities, building on the progress we have already made.

Appendix C CUNY Policies

This Appendix has the text of major CUNY policies related to affirmative action and equal employment opportunity.

EQUAL OPPORTUNITY AND NON-DISCRIMINATION POLICY

The City University of New York (“University” or “CUNY”), located in a historically diverse municipality, is committed to a policy of equal employment and equal access in its educational programs and activities. Diversity, inclusion, and an environment free from discrimination are central to the mission of The University.

It is the policy of The University—applicable to all colleges and units— to recruit, employ, retain, promote, and provide benefits to employees (including paid and unpaid interns) and to admit and provide services for students without regard to race, color, creed, national origin, ethnicity, ancestry, religion, age, sex (including pregnancy, childbirth and related conditions), sexual orientation, gender, gender identity, marital status, partnership status, disability, genetic information, alienage, citizenship, military or veteran status, status as a victim of domestic violence/stalking/sex offenses, unemployment status, or any other legally prohibited basis in accordance with federal, state and city laws.

It is also The University’s policy to provide reasonable accommodations to applicants, employees and other persons on the basis of disability, religious practices, pregnancy or childbirth-related medical conditions, or status as victims of domestic violence/stalking/sex offenses.

This Policy also prohibits retaliation for reporting or opposing discrimination, or cooperating with an investigation of a discrimination complaint.

AFFIRMATIVE ACTION POLICY

CUNY has had policies related to affirmative action plans since the early 1970s. CUNY’s Affirmative Action Policy of May 28, 1985 is part of its Manual of General Policy.

ARTICLE V FACULTY, STAFF AND ADMINISTRATION **Policy 5.04 - Affirmative Action:**

RESOLVED, that the Board of Trustees of The City University of New York reaffirms its commitment to affirmative action and directs the Chancellery and the colleges to reemphasize the taking of the positive steps that will lead to recruiting, hiring, retaining, tenuring, and promoting increased numbers of qualified minorities and women. (Board of Trustees Minutes, 1985-05-28, Section 6-C)

SEXUAL MISCONDUCT POLICY

CUNY’s Policy on Sexual Misconduct addresses sexual harassment, gender-based harassment and sexual violence. It outlines procedures applicable to students and employees for addressing complaints.

Every member of The City University of New York (“CUNY”) community, including students, employees and visitors, deserves the opportunity to live, learn and work free from Sexual Misconduct (sexual harassment, gender-based

harassment and sexual violence). Accordingly, CUNY is committed to:

- Defining conduct that constitutes prohibited Sexual Misconduct;
- Providing clear guidelines for students, employees and visitors on how to report incidents of Sexual Misconduct and a commitment that any complaints will be handled respectfully;
- Promptly responding to and investigating allegations of Sexual Misconduct, pursuing disciplinary action when appropriate, referring the incident to local law enforcement when appropriate, and taking action to investigate and address any allegations of retaliation;
- Providing ongoing assistance and support to students and employees who make allegations of Sexual Misconduct;
- Providing awareness and prevention information on Sexual Misconduct, including widely disseminating this policy, as well as a “students’ bill of rights” and implementing training and educational programs on Sexual Misconduct to college constituencies; and
- Gathering and analyzing information and data that will be reviewed in order to improve safety, reporting, responsiveness and the resolution of incidents.

This is the sole policy at CUNY addressing Sexual Misconduct and is applicable at all college and units at the University. It will be interpreted in accordance with the principles of academic freedom adopted by CUNY’s Board of Trustees.

OTHER POLICIES

It is our policy to recruit, employ, retain, promote, and provide benefits to employees and to admit and provide services for students without regard to race, color, national or ethnic origin, religion, age, sex, sexual orientation, gender identity, marital status, disability, genetic predisposition or carrier status, alienage, citizenship, military or veteran status, unemployment status or status as victim of domestic violence.

Management reaffirms its non-discrimination policies annually.

Other important policies available on CUNY’s “Policies and Resources” webpage include:

- Campus and Workplace Violence Policy
- Domestic Violence and the Workplace Policy
- Procedures for Implementing Reasonable Accommodations and Academic Adjustments

CUNY campuses report crime statistics, including statistics relating to sexual violence under the federal Jeanne Clery Act. Information is available from the campus Office of Public Safety (list name of office and/or website).

Appendix D-1 Utilization Analysis - Staff Job Groups

This Appendix provides a utilization analysis for each staff job group that has five or more employees.

Underutilization occurs where the utilization of a protected group is less than 80% of Labor Market Availability. We calculate a number approximating the number of full-time employees that would be needed to make utilization equal to the labor market.

Details of internal and external factors in estimating the labor market are provided.

Underutilization numbers for females and total minorities represent placement goals when there are opportunities for hiring/advancement.

Total Minority is comprised of Asian/Hawaiian/Other Pacific Islander, Black/African American, Hispanic/Latino, American Indian/Alaska Native and Two or More Races.

Appendix D-3 Utilization Analysis - Faculty By Discipline and Job Group

This Appendix provides a utilization analysis for combination of faculty job group and academic discipline with five or more employees.

Underutilization occurs where the utilization of a protected group is less than 80% of Labor Market Availability. We calculate a number approximating the number of full-time employees that would be needed to make utilization equal to the labor market.

Underutilization numbers for females and total minorities represent specific placement goals as prescribed for federal Affirmative Action Plans. Note underutilization measures are those calculated for the academic discipline, which may comprise more than one department.

Details of internal and external factors in estimating the labor market are provided.

Total Minority is comprised of Asian/Hawaiian/Other Pacific Islander, Black/African American, Hispanic/Latino, American Indian/Alaska Native and Two or More Races.
