Note: Some survey items are presented only to students who provided a particular response to a previous question. Percentages for all items below are based on the number of students who were presented with and responded to that survey item. That means that different items may have a different base/denominator than the total number of respondents.

Note: Some survey items are presented only to students who provided a particular response to a previous question. Percentages for all items below are based on the number of students who were presented with and responded to that survey item. That means that different items may have a different base/denominator than the total number of respondents.

Note: Some survey items are presented only to students who provided a particular response to a previous question. Percentages for all items below are based on the number of students who were presented with and responded to that survey item. That means that different items may have a different base/denominator than the total number of respondents.

Note: Some survey items are presented only to students who provided a particular response to a previous question. Percentages for all items below are based on the number of students who were presented with and responded to that survey item. That means that different items may have a different base/denominator than the total number of respondents.
